How To Choose Hybrid Work Schedule Ideas For Us Audience:

Museum Branding Margot Wallace, 2024-08-06 Museums have unequalled brands in the world of learning and culture. They have earned the recognition and loyalty of their many audiences. The challenge is sustaining image loyalty and support as audiences shift, grow and change. **Museum Branding: Reimagining the Museum** is a forward looking survey of museums as they navigate the present and plan for the future, holding steady to their heritage. It looks at brands that have refreshed their identity, reframed their missions and reconfirmed their right to audience loyalty and support. Museums of all sizes, genres and geography over forty of them exemplify audience centered branding practices outlined in nineteen chapters that include: Collection and Exhibitions, Archives, Fundraising and Development, Partnerships, Talks and Speakers and Videos. The chapter on Data adds a new perspective to branding literature. The chapter on Discussion Groups builds on the branding sustained and advanced by successful virtual programs. The Chapter on Research and Development gives essential priority developing relationships with prospective members, donors and supporters. The chapter on Publications shows the smart extension of branding into many platforms. An extensive index recognizes the value of this tool for searching specific concepts and museums.

Hybrid Ethnography Liz Przybylski, 2020-05-20 Today's research landscape requires an updated set of analytical skills to tell the story of how people interact with and make meaning from contemporary culture. **Hybrid Ethnography: Online, Offline and In Between** provides researchers with concrete and theory based processes to combine online and offline research methods to tell the story of how and why people are interacting with expressive culture. This book provides a roadmap for combining online and in person ethnographic research in an explicit manner to support the reality of much contemporary fieldwork. In the tradition of the *Qualitative Research Methods* series, this concise book serves graduate students and faculty learning ethnography and field methods as well as those designing, conducting and writing up their own dissertations and research studies. From choosing to pursue a hybrid ethnographic strategy to collecting data to analyzing and sharing results, author Liz Przybylski covers all aspects of conducting a hybrid ethnography study. **Hybrid Ethnography** was awarded Honorable Mention for the 2021 Bruno Nettles Prize given by the Society for Ethnomusicology.
