Marketing Patrick E. Murphy, Gene R. Laczniak, Fiona Harris, 2016-12-13 Understanding and appreciating the ethical dilemmas associated with business is an important dimension of marketing strategy. Increasingly, matters of corporate social responsibility are part of marketing's domain. Ethics in Marketing contains 20 cases that deal with a variety of ethical issues such as questionable selling practices, exploitative advertising, counterfeiting, product safety, apparent bribery, and channel conflict that companies face across the world. A hallmark of this book is its international dimension along with high profile case studies that represent situations in European, North American, Chinese, Indian, and South American companies. Well known multinationals like Coca Cola, Facebook, VISA, and Zara are featured. This second edition of Ethics in Marketing has been thoroughly updated and includes new international cases from globally recognized organizations on gift giving, sustainability, retail practices, multiculturalism, sweat shop labor, and sports sponsorship. This unique case book provides students with a global perspective on ethics in marketing and can be used in a free standing course on marketing ethics or marketing and society or it can be used as a supplement for other marketing classes.

Watching TV Harry Castleman, Walter J. Podrazik, 2024-12-16 Castleman and Podrazik present a season by season narrative that encompasses the eras of American television from the beginning in broadcast through cable and now streaming. They deftly navigate the dizzying array of contemporary choices so that no matter where you start on the media timeline, *Watching TV* provides the context and background to this multi billion dollar enterprise. Drawing on decades of research, the authors weave together personalities, popular shows, corporate strategies, historical events, and changing technologies, enhancing the main commentary with additional elements that include fall prime time schedule grids for every season, date box timelines, highlighted key text, and selected photos. Full of facts, firsts, insights, and exploits from now back to the earliest days, *Watching TV* is the standard chronology of American television and reading it is akin to channel surfing through history. The fourth edition updates the story into the 2020s and looks ahead to the next waves of change. This new edition is the first to also be available in a digital format.

Reputation in Business Stuart Thomson, 2022-09-28 A compelling mix of reputation management, crisis leadership, and the role of politics in business, this book provides unique practical steps that leaders can take to protect their reputations and those of the organisations they head in an ever more open, social media led world. Although leaders increasingly recognise the vital intangible asset that reputation represents, too many do not really understand what reputation is and the steps that should be taken to build it and their corporate value. Given the range of factors depending on the organisation, each aspect of its complex reputational story needs to be unpicked if a reputation is to be built, maintained, and protected. This step by step guide offers advice on how to develop the strategies needed to do this, provides clear lessons throughout from a range of experts, and distinctively looks beyond the corporate sector to charities, governments, NGOs, and the public sector. Boards, trustees, non executive directors, senior management, and leaders of all types of organisations need to consider the steps that should be taken to build, maintain, and defend their reputation, and that

means knowing what their reputation is and the audiences that matter most to them This book is the roadmap *Build Your Teacher Brand in 30 Days Define Your Name, Niche, and Narrative with Confidence* Ronan Aldridge, 2025-09-05 Every teacher has a unique story but how do you share yours in a way that builds recognition trust and opportunities Whether you want to create an online presence start a side business or expand your professional influence developing a personal brand is the key This book provides a step by step 30 day framework designed specifically for educators to clarify and communicate their value with confidence Inside you ll discover how to choose a brand name that resonates define your niche in a crowded marketplace and craft a narrative that connects authentically with your audience Each day offers practical actions reflective prompts and teacher focused examples that make the process simple and achievable even on a busy schedule By the end of 30 days you ll have a professional cohesive brand that reflects your strengths and attracts the opportunities you re seeking Whether you re building a teaching blog launching educational resources or growing your presence on social media this playbook gives you the roadmap to stand out *Instagram Marketing Advertising* Robert Grow, 2020-10-16 At first some people get into Instagram to socialize and for fun Anyway it is a better way to share some of your personal photos and perhaps show off In addition Instagram can be used for an effective and fruitful marketing strategy Most of the people on Instagram are unaware that you can make their business more visible However this becomes better when you have clearly identified your niche Most of the prevalent niches are fashion health and fitness travel and tourism and beauty It should not be an issue if your business does not fall under any of these niches Start by evaluating the most appropriate niche for your business which makes you unique There is an Instagram niche for everyone whether you are a succulent grower food blogger nature lover or a travel marketer You just need to find your niche and stick to it Doing this may not be easy take time deliberating the best choice It also requires accuracy and patience For effective Instagram marketing You must be sure that the content you share through Instagram will reflect the values that you represent as a brand Being genuine can help you resonate well with your target audience You should be flexible without compromising your business goals Even though the strategies and tactics described in this book are proven effective you must still be open to experimenting to see which can really bring results You should always be mindful of your Instagram activities While you can outsource the job it is still your responsibility to make sure that your posts are beneficial to your brand and your activities can bring results Be on top of your online activities as it can make or break your business This guide will focus on the following Why use Instagram How Instagram works the different functionalities How to make a great Instagram account How to make money from Instagram page Why content needs to be effective Building a personal brand in 2019 How to do lead magnet on Instagram like a pro Creating an effective marketing strategy Why Instagram for social marketing Best apps to use to market your brand on Instagram Building value and setting up your account for success Common mistakes to avoid when marketing on Instagram The best tips for growing your Instagram business account AND MORE **Online Personal Brand** Ryan M.
