The Owned Media Doctrine Taulbee Jackson, Erik Deckers, 2013-07 The Petraeus Doctrine for the 21st Century Marketer. The Owned Media Doctrine is to Marketing what The Petraeus Doctrine was to modern warfare: a complete rethinking of philosophy, strategy, and tactics dictated by the way war has changed. Just like in warfare, marketing and media is not at all what it used to be, but marketers are still fighting the battle like it's 1965. The Owned Media Doctrine is just that: a new doctrine for Marketing. A new philosophy, strategic approach, and operational model for the marketing operations function based on how media works today and how it will work in the future. It's the marketer's field manual for today's two-way, real-time media environment. In this remarkable and remarkably useful book, Jackson and Deckers provide the granular, step-by-step instructions and advice that senior digital marketers have craved for years. This is the book you'll keep on your desk forever, or at least until they have time to write the 2nd edition. Jay Baer, Convince & Convert; Reis and Trout changed the way we think with Marketing Warfare; Anderson did it with The Long Tail. Jackson eloquently welcomes us to the new age of Owned Media and the reality we face as real-time marketers. An immediate must-read, and more importantly, an immediate must-do. Michael Grimes, VP Omni Channel Marketing at Finish Line. Everything in this book just makes so much sense. If the words content or marketing are anywhere in your job description, do yourself a favor and read it cover to cover. Shelly Towns, VP of Product at AngiesList.com. The Owned Media Doctrine will show you a future-proof way to advance your
