The Young Professional's Guide to the Working World Aaron McDaniel, 2025-09-12 College does not teach you how to be successful in the working world. There is no course or textbook that explains how to create the fulfilling careers many aspire to. The Millennial generation is 80 million members strong and each year more than 1.5 million enter the working world with little to no idea of how to succeed. A fellow Millennial, McDaniel, draws on personal experiences from the beginning of his own career to illustrate key lessons. **The Young Professional's Guide to the Working World** provides important insights on the topics essential to success within the first 5-10 years of any corporate career, including: How to get promoted faster and drive results, no matter what your industry or job title; The 25 attributes all successful young professionals possess; How to avoid being a DOPE (Disinterested, Overpaid, Entitled, Poorly Educated) someone; The keys to becoming a STAR in your career; Someone who is Savvy, Tenacious, Adaptive, Resourceful; How to create and implement a career blueprint; Plan the right way; Leveraging mentoring to ensure career success. **Working the Crowd** Eileen Brown, 2012 Engaging with social media such as Facebook, Twitter, blogs, and social news sites is now a key part of global business communications.
