Choosing the Future Karen Mossberger,Caroline J. Tolbert,Scott J. LaCombe,2021 Digital information drives participation in politics the economy and society Yet great disparities exist as to which communities have access to the

internet In 2017 only half of residents of formerly industrial Flint Michigan had broadband or satellite internet at home while over 90 percent of those in thriving Sunnyvale California in Silicon Valley were connected More recently Covid 19 laid bare these persistent digital divides in both urban and rural communities illustrating that broadband use is a fundamental resource for the future of opportunity in communities While previous studies have examined the impacts of broadband infrastructure they have indicated little about the extent to which local populations can afford and use the technology Moreover there has been limited scientific evidence on how broadband adoption matters for collective benefits Including new data on broadband subscriptions from 2000 2017 and comprehensive analysis for U S states counties metros cities and neighborhoods Choosing the Future argues that broadband use in the population is a form of digital human capital that benefits communities as well as individuals Broadband has a causal impact across all types of communities for economic prosperity growth income employment and policy innovation Yet there are urban neighborhoods and rural counties where as little as one quarter of the population has a broadband subscription even when mobile is included As we build smart cities and communities as economies and jobs continue to experience rapid change and as more information and services migrate online it is communities with widespread broadband use that will be best positioned for inclusive innovation with the digital human capital to thrive   *Work at Home with a Real Online Job* AnnaMaria Bliven,2016-03-02 Find the Job You Want Today Are you a work at home mom or dad retiree or disabled person hoping to earn a little extra to make ends meet Are you seeking a legitimate rewarding online job you can do from home Do you dream of being in charge of your own schedule income advancement destiny If you said yes to any of these questions this book is for you In Work at Home with a Real Job Online you can find just the right job schedule income and future with the help of a leading expert in the field of online job success and prosperity AnnaMaria Bliven Known as the Prosperity Princess by thousands of people she has helped Bliven has poured her latest and greatest practical proven effective insights into this one information packed no filler easy to use volume In these pages you ll find Hundreds of real jobs with quality companies at your fingertips Pro tips and advice on how to find these jobs get hired keep the job you find and advance in it Opportunities for people of all ages and stages teenagers college students work at home moms and dads military veterans retirees the disabled those with background credit issues and more Positions to match just about any interest passion potential or skill set game tester customer service agent educator data entry specialist nurse medical coding specialist transcriptionist translator interpreter artist writer computer technologist and many more Get your copy of Work at Home with a Real Job Online today start working tomorrow
