The Art of Making Decisions Under Uncertainty Charles Yoe, 2025-09-04 Uncertainty is a part of every decision we make from the everyday to the high stakes from personal choices to professional strategy *The Art of Making Decisions Under Uncertainty* offers a clear practical approach to dealing with the unknown without getting stuck or overwhelmed Rather than treating uncertainty as a barrier this book invites readers to see it as a constant companion something to work with not work against Drawing on proven tools real world examples and a wealth of practical insight it shows how to make thoughtful informed decisions even when information is incomplete priorities are competing and the path forward feels anything but clear This is not a theory heavy treatise It s a textbook guide for real people facing real decisions Grounded in decision science but written for a broad audience it bridges the gap between technical complexity and everyday practicality Whether you re leading a team managing risk shaping policy or simply trying to make better personal choices this book meets you where you are with tools that work language that makes sense and encouragement to move forward with clarity and confidence Inside you ll find Straightforward frameworks to help you recognize and manage different types of uncertainty Practical tools and techniques you can use right away to make sound decisions in fast moving or high pressure situations Case studies and examples that bring the concepts to life and show how they apply in work leadership and daily life Fresh perspectives on failure bias and risk helping you not only avoid common pitfalls but turn setbacks into sources of insight If you ve ever hesitated at a crossroads second guessed a big decision or wished for more clarity in a world that rarely offers it this book is for you *The Art of Making Decisions Under Uncertainty* is your companion in making better choices when certainty is out of reach but a good decision is still within your grasp

International Journal for Digital Art History:

Issue 3, 2018 Liska Surkemper, Harald Klinke, Justin Underhill, 2019-02-18 Art History is centrally concerned with a vast array of three dimensional objects such as sculptures and spaces such as architecture Digital technologies allow the creation of virtual spaces which in turn allow us to simulate and compare aspects of a visual culture s three dimensional timespace that cannot be communicated as a single still image The third issue thus focusses on the third dimension in Art History and the digital realm that continues to mediate and transform it

The Power of New Urban Tourism

Claudia Ba, Sybille Frank, Claus Müller, Anna Laura Raschke, Kristin Wellner, Annika Zecher, 2021-07-21 *The Power of New Urban Tourism* explores new forms of tourism in urban areas with their social political cultural architectural and economic implications By investigating various showcases of New Urban Tourism within its social and spatial frames the book offers insights into power relations and connections between tourism and cityscapes in various socio spatial settings around the world Contributors to the volume show how urban space has become a battleground between local residents and visitors with changing perceptions of tourists as co users of public and private urban spaces and as influencers of the local economies This includes different roles of digital platforms as resources for access to the city and touristic opportunities as well as ways to

organise and express protest or shifting representations of urban space With contemporary cases from a wide disciplinary spectrum the contributors investigate the power of New Urban Tourism in Africa Asia the Americas Europe and Oceania This focus allows a cross cultural evaluation of New Urban Tourism and its dynamic and changing conception transforming and subverting cities and tourism alike The Power of New Urban Tourism will be of great interest to academics researchers and students in the fields of cultural studies sociology the political sciences economics history human geography urban design and planning architecture ethnology and anthropology
