Corporate Influencer Marketing: Introductory Research and its Applicability as a Recruitment Tool Linda Sibold, 2024-01-30 Seminar paper from the year 2022 in the subject Leadership and Human Resources, Employer Branding, grade 1.0, University of Cooperative Education Ravensburg, course International Human Resource Management, language English, abstract. This paper investigates the effectiveness of corporate influencer marketing as a recruitment tool within the realm of employer branding. Faced with challenges such as talent shortages and the impact of COVID-19, organizations are seeking innovative approaches to attract and recruit talent. The research focuses on problem statements, objectives, and methodological approaches delving into the challenges and opportunities associated with corporate influencer marketing. Key performance indicators (KPIs) are identified as crucial metrics for measuring success in this approach. The international context is explored, emphasizing the

need for tailored employer branding strategies to accommodate cultural differences In conclusion the paper suggests that when implemented strategically corporate influencer marketing serves as a viable and sustainable recruitment tool offering opportunities for authentic engagement and differentiation in the competitive job market

A Review of Pharmaceutical Science. Support for Viva and Job Interviews Abdul Kader Mohiuddin, 2020-07-28 Academic Paper from the year 2020 in the subject Pharmacology grade 12 0 language English abstract The study helps to highlight the pharmacists roles and responsibilities along with basic pharmacy education with the most recent information obtained from publications in several journals books bulletins newsletters magazines Also many of the prospective viva and interview questions are solved along with a few chapter outlines covering many of the pharmacy courses However it is very important to remember that no study aid can help do well in a viva session or job interview unless a knowledge base is kept sharpen This study aims to support a pharmacy student or professional to give an accelerated mental support when books are not feasible to carry before an interview and viva session The expanded role of pharmacists uplifts them to patient care industrial marketing regulatory affairs from dispensing and manufacturing of drugs The sector is emerging in both developed and under developed countries Furthermore pharmacy teaching institutions need to revise and update their curricula to accommodate the progressively increasing development in the pharmaceutical education and the evolving new roles of practicing pharmacists in healthcare arena

Radical Technologies Adam Greenfield, 2017-06-13 A tremendously intelligent and stylish guide to the new technologies that are transforming our everyday lives in ways both good and bad Guardian Everywhere we turn a startling new device promises to transfigure our lives But at what cost In this urgent and revelatory excavation of our Information Age leading technology thinker Adam Greenfield forces us to reconsider our relationship with the networked objects services and spaces that define us It is time to re evaluate the Silicon Valley consensus determining the future We already depend on the smartphone to navigate every aspect of our existence We re told that innovations from augmented reality interfaces and virtual assistants to autonomous delivery drones and self driving cars will make life easier more convenient and more productive 3D printing promises unprecedented control over the form and distribution of matter while the Blockchain stands to revolutionize everything from the recording and exchange of value to the way we organize the mundane realities of the day to day And all the while fiendishly complex algorithms are operating quietly in the background reshaping the economy transforming the fundamental terms of our politics and even redefining what it means to be human Having successfully colonized everyday life these radical technologies are now conditioning the choices available to us in the years to come How do they work What challenges do they present to us as individuals and societies Who benefits from their adoption In answering these questions Greenfield s timely guide clarifies the scale and nature of the crisis we now confront and offers ways to reclaim our stake in the future
