More Than Words John Warner,2025-02-04 A veteran writing teacher makes a moving Rick Wormeli argument that writing is a form of thinking and feeling and shows why it can't be replaced by AI In the age of artificial intelligence drafting an essay is as simple as typing a prompt and pressing enter What does this mean for the art of writing According to longtime writing teacher John Warner not very much More Than Words argues that generative AI programs like ChatGPT not only can kill the student essay but should since these assignments don't challenge students to do the real work of writing To Warner writing is thinking discovering your ideas while trying to capture them on a page and feeling grappling with what it fundamentally means to be human The fact that we ask students to complete so many assignments that a machine could do is a sign that something has gone very wrong with writing instruction More Than Words calls for us to use AI as an opportunity to reckon with how we work with words and how all of us should rethink our relationship with writing

Artful AI in Writing Instruction Brett Vogelsinger,2025-06-17 Discover strategies to use AI thoughtfully in every stage of the writing process without compromising creativity or critical thinking Feeling conflicted about integrating artificial intelligence AI into your writing instruction You're not alone In a world where AI generated text can seem like a writing teacher's enemy incorporating it into writing instruction may feel like an act of betrayal The advent of generative AI might feel like one more thing eroding students' capacity for deep thinking Artful AI in Writing Instruction offers strategies and lessons for middle and high school teachers to harness AI in a positive way integrating it into the writing process and evaluating the ethics of its usage Written by a full-time high school teacher Brett Vogelsinger the book focuses on evergreen principles and ideas rather than specific AI tools providing concrete steps and lessons that teachers can implement without being technology experts Acknowledging the varying perspectives of teachers on AI in writing instruction from skepticism to enthusiasm Brett offers a human-centered, considered and ethical approach to using generative AI in the classroom Demonstrating how AI can be used artfully in the classroom to enhance students' writing skills and foster reflection on the writing process this book Provides standards-aligned lessons that detail how AI can support instruction and assist students at each step of the writing process from prewriting through publishing Emphasizes how to use AI tools to mine authentic human ideas and enhance creativity in the classroom Aims to help teachers build a healthy relationship with AI technology and use it thoughtfully in their writing instruction Includes chapter features such as quotes from esteemed writers real teacher and student voices cautionary notes and Bot Thoughts entries of example AI output Artful AI in Writing Instruction is a book that explores technology with humility critiquing its drawbacks and harnessing its strengths in an effort to guide teachers on how to use AI to help students grow their thinking and their skills rather than bypassing that development

Reaching Struggling Writers Colleen Cruz shows how to stop struggling with writers who struggle You ll find effective support for students who say I m not a good writer My hand hurts I don t know how to spell I don t have anything to write about I never get to write anything I want to write I m done A Quick Guide to Reaching Struggling Writers is part of the Workshop Help Desk series About the Workshop Help Desk series The Workshop Help Desk series is designed for teachers who believe in workshop teaching and who have already rolled up their sleeves enough to have encountered the predictable challenges If you ve struggled to get around quickly enough to help all your writers if you ve wondered how to tweak your teaching to make it more effective and lasting if you ve needed to adapt your teaching for English learners if you ve struggled to teach grammar or nonfiction writing or test prep if you ve faced these and other specific pressing challenges then this series is for you Provided in a compact 5 x 7 format the Workshop Help Desk series offers pocket sized professional development For a comprehensive overview of the Units of Study in Opinion Argument Information and Narrative series including sample minilessons sample videos videos frequently asked questions and more visit UnitsofStudy.com **No More "I'm Done!"** Jennifer Jacobson,2023 This book demonstrates how to create a more productive engaging and rewarding writer s workshop The author guides teachers from creating a supportive classroom environment through establishing effective routines shows teachers how to set up a writer s workshop and provides an entire year of developmentally appropriate mini lessons that build confidence and independence book cover *The Writing Revolution* Judith C. Hochman,Natalie Wexler,2017-08-07 Why you need a writing revolution in your classroom and how to lead it The Writing Revolution TWR provides a clear method of instruction that you can use no matter what subject or grade level you teach The model also known as The Hochman Method has demonstrated over and over that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback Insurmountable as the challenges faced by many students may seem The Writing Revolution can make a dramatic difference And the method does more than improve writing skills It also helps Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities The Writing Revolution is as much a method of teaching content as it is a method of teaching writing There s no separate writing block and no separate writing curriculum Instead teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction But perhaps what s most revolutionary about the TWR method is that it takes the mystery out of learning to write well It breaks the writing process down into manageable chunks and then has students practice the chunks they need repeatedly while also learning content *Write Blog Posts Readers Love* Henri Junttila,2017-11-27 You don t need a magic formula to write blog posts that readers love You already have what you need All you have to do is tap into it In this book you ll dip into the personal experiences of Henri Junttila who runs the blog Wake Up Cloud which he has built from scratch to 10 000 subscribers and tens of thousands of monthly visitors You will uncover your writing voice eliminate writer s
