The American Shorthand Teacher ,1929 Adaptive Ethics for Digital Transformation Mark Schwartz,2023-07-25
Digital transformation doesn't just raise ethical issues it in itself is an ethical shift Business leaders today are struggling to manage conflicting imperatives those of the emerging digital world and those of the bureaucratic world of the past The act of digital transformation requires a deep change in the moral outlook and ethical assumptions of a business But how do we get there Enterprise strategist and author Mark Schwartz shows how we need to learn to think differently about relationships with customers and employees That the ethics of digital transformation is a matter of cultivating and applying virtues rather than applying rules Ethics is not just a matter of refraining from doing bad things It's a matter of building the world we want and it's the job of company executives Featuring a chapter on bullshit a handy chart of excuses for bad behavior and Schwartz's typically paradoxical blend of deep insight and pasta jokes this book guides business leaders as they struggle to adapt their bureaucratic framework of ethics to the emerging landscape of the digital world By the end of the book business leaders will rethink what it takes to be an ethical organization *The Railroad Trainman* ,1908 **Popular Science** ,1955-06 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Assembly** West Point Association of Graduates (Organization).,1999 National Stockman and Farmer ,1926 *The Independent* ,1918 *Transcript of Proceedings in the United States District Court, Northern District of Illinois, Eastern Division.
