Remote Work: Productivity and Communication for Distributed Teams (The Complete Guide to Building Productivity, Advancing Your Career, and Thriving in the Future of Work) Aubrey Obrien, The essential guide to remote work for employees and employers. Work has changed. The office is no longer the only place to build a successful career or run a thriving business. Whether you are starting a remote job, managing a virtual team, or adapting to a more flexible way of working, success takes more than just an internet connection. It requires the right habits, communication skills, and tools to stay focused, productive, and connected. Inside, you'll learn: The best remote jobs for women over 40 and where to find them; How to build marketable skills fast using free and low-cost tools; Real-life stories of people who reinvented their careers after 40; Smart strategies for staying confident, productive, and self-motivated; Tips for managing time, burnout, and home office distractions. The answer lies in the new possibilities of the remote work era. After interviewing over fifty women remote workers globally, including leaders at organizations like the Wikimedia Foundation, Buffer, and Basecamp, tech entrepreneur Rhiannon Payne has developed a step-by-step guide to help women find and grow on their remote paths. In her timely debut book, perfect for 2021, Rhiannon shares insider tips and insights to help you design a fulfilling and flexible life that prioritizes your passions and goals, not just your job.

Recent Advancements in Tourism Business, Technology and Social Sciences Vicky Katsoni, George Cassar, 2024-05-28. The book features the first volume of the proceedings of the 10th International Conference of the International Association of Cultural and Digital Tourism (IACuDiT) with the theme *Recent Advancements in Tourism Business Technology and Social Sciences*, which was held from August 29 to 31, 2023, in Crete, Greece. It showcases the latest research on Tourism Business Technology and Social Sciences and presents a critical academic discourse on smart and sustainable practices in the tourism industry, stimulating future debates and advancing readers' knowledge and understanding of this critical area of tourism business in the post-COVID-19 era. COVID-19 produced dramatic effects on the global economy, business activities, and people, with tourism being particularly affected. The book discusses the resulting digital transformation process in a range of areas, including its effect on the social sciences, combined with special forms of tourism. This accelerated digitalization encourages the emergence of new digital products and services based on the principle of flexibility. The book focuses on the knowledge economy and smart destinations, as well as new modes of tourism management and development, and includes chapters on emerging technologies such as the Internet of Things, artificial intelligence, big data, and robotics in connection with various tourism practices.
