Artificial Intelligence, Co-Creation and Creativity Francisco Tigre Moura,2024-08-01 Artificial intelligence AI has deeply impacted our understanding of creativity and the human ability to generate creative outputs New

applications for creative tasks are rapidly evolving and new tools are constantly being developed with much greater optimal capabilities. Importantly, the success of implementing such tools for creative tasks is still heavily dependent on human supervision and input. Therefore, it is vital to understand and critically reflect on the nature of co-creative processes between humans and AI. This book addresses such issues and provides insights into how humans can augment their capabilities for generating creative and innovative outputs by successfully co-creating with AI. The book is intentionally divided into three main parts to allow for a comprehensive and holistic perspective on human and AI co-creation for creative tasks. The sections are divided as follows: Part 1: Principles of AI and Creativity; Part 2: Critical Issues on Artificial Co-Creation; and Part 3: Industry-Specific Discussions. Consequently, the book provides a holistic insight on the topic, covering various issues and perspectives, and enabling an accessible read to a broad audience. For example, chapters cover examples across different industry sectors, including music, arts, science, and management. Furthermore, the book covers critical questions involving copyrights, ethical concerns, relationship with algorithms, and context-based issues. Only by critically reflecting on the intrinsic issues of AI and learning how to work with it effectively for creative purposes will we be able to benefit from its full potential to augment human creative abilities in an appropriate manner. This novel edited collection is an essential read for scholars working on the intersection of AI, creativity, arts, and management. *ChatGPT Prompt Engineering For Beginners* Taylor

Brooks, 2025-08-26 *ChatGPT Prompt Engineering for Beginners* How to Get Exactly What You Want from AI is the ultimate step-by-step guide to unlocking the true power of artificial intelligence. Most people open ChatGPT, type a quick question, and feel frustrated when the answers sound generic, inaccurate, or robotic. This book solves that problem. With clear explanations, practical examples, and ready-to-use prompt templates, you'll learn how to communicate with AI so it consistently delivers the results you need. Inside, you'll discover the secrets of effective prompting: why vague questions fail and how to structure prompts for clarity and precision. Simple frameworks you can reuse, including role-based prompts, context-driven prompts, and the Goldilocks method for giving just the right amount of detail. How to avoid AI hallucinations, strategies for fact-checking, refining answers, and keeping ChatGPT accurate. Ways to make ChatGPT sound human, techniques for writing in different tones, styles, and voices. Prompt chaining and chunking methods break down complex tasks like writing ebooks, reports, or lesson plans into easy steps. Over 100 real-world prompt examples covering business, marketing, content creation, learning, productivity, and more. How to build your own prompt library, save time by creating reusable formulas that work across different situations. This beginner-friendly guide is designed for entrepreneurs, content creators, students, teachers, freelancers, and anyone curious about AI. Whether you want to generate high-quality blog posts, draft compelling marketing copy, brainstorm business ideas, or simply get more accurate and creative answers, the strategies in this book will show you how. By the end, you'll know exactly how to talk to ChatGPT so it becomes a reliable assistant, not just a chatbot. You'll move from confusion to clarity, from trial and error to consistent results, and from wasting time to unlocking productivity. If you're ready

to stop struggling with generic answers and start getting the exact results you want this book will give you the tools and confidence to master ChatGPT
