**The Startup Protocol** Sally Ann Frank,2024-03-01 There are lots of founders and lots of ideas floating around to help improve the delivery of healthcare services and positively affect the health of each of us as individuals as well as groups of patients afflicted by chronic or acute diseases Unfortunately many of these ideas never reach their full potential to improve patient outcomes or reduce costs of care Sometimes it s because the idea isn t feasible or scalable Sometimes it s because the market isn t ready or regulators aren t ready And sometimes it s just because the founder or founding team has a blind spot or two Not only do these hidden blind spots ensure their failure but in many cases with better planning or a greater more holistic understanding of the market forces the blind spot can be overcome Or better yet the founder can realize that their idea is doomed from the start and consider other better options to solve the problem they are attacking The goal of this book is to help founders and their teams identify blind spots and avoid the most common pitfalls of starting a digital health company Having spent time with founders VC companies and most importantly prospective digital health startups patterns have emerged regarding those startups that are successful and those that die an often slow and painful death While not a recipe for guaranteed success having a guidebook of sorts can help navigate the perils associated with building a digital health company and can very likely improve the odds of success The book will go through the typical life cycle of an early stage company from ideation to the first few customer deals and highlight best practices for tackling the challenges at each stage including What problem are you trying to solve And why are you trying to solve this problem Who will help you build the solution and company How will you build the solution How will you pitch your company How will you sell your solution And what does success look like to you your stakeholders and your customers **Managing Sport Events** T. Christopher

Greenwell,Leigh Ann Danzey-Bussell,David J. Shonk,2024-06-26 Running a sport event whether it s an international competition or local youth tournament requires acute knowledge and the ability to plan organize promote lead and communicate effectively And no other text prepares students for the task as effectively as Managing Sport Events Third Edition With HKPropel Access While other texts in this space stray into the area of facility management Managing Sport Events keeps its focus where it should be by providing a thorough grounding of the entire event management process Beginning with an overview of event conception and development the text then moves into the principal planning areas of

budgeting marketing promotion sponsorships and legal and risk management Later chapters focus on key operational areas such as staffing event services and logistics and event day management and it closes with postevent details and evaluation The third edition includes new and updated content that incorporates plenty of contemporary real life examples Insights into how event management has been affected by COVID 19 and by the emergence of social media sustainability efforts and diversity equity and inclusion DEI initiatives All new content addressing the role of brand ambassadors social media influencers and nontraditional media in promoting events and encouraging fan engagement An updated discussion of event sponsorships and how sport organizations are implementing creative activation strategies pre event and game day deliverables and the latest technologies to maximize exposure and measure effectiveness An expanded discussion of contracts and other legal considerations such as compliance with the Americans with Disabilities Act ADA An expanded section outlining how principles of project management can be used to effectively plan events New industry profiles that provide insights into key players and noteworthy happenings in event management Related online activities delivered through HKPropel provide robust learning opportunities for students A brand new semester long project in which students plan prepare produce and evaluate a fictional pickleball tournament as well as compile a formal event management plan handbook Scenario based activities in which students make a decision and then see the implications of their choice Mini case studies for each chapter with questions to test comprehension Sample contracts that represent common agreements encountered in event management Practicing and aspiring professionals working in parks and recreation tourism hospitality and sport organizations at all levels youth high school college amateur minor league professional and international will find this book a valuable reference in their roles as event managers Blending traditional business tenets of sport management with the distinct aspects of event management Managing Sport Events Third Edition prepares readers to manage events with efficiency and ease so that fans and participants alike have lasting game day memories Note A code for accessing HKPropel is not included with this ebook but may be purchased separately
