The Beginner's Guide to Blogging David Grete,2020-05 It all started about a decade ago when the economy went south and I lost my job I found myself without purpose surviving on unemployment checks and aimlessly searching for an alternative way to earn a living Contrarily losing my job was one of the best things that has ever happened to me The part I didn't handle so well was the uncertainty How was I going to support myself What was I going to do with myself Every day I faced the daunting task of finding a new job no easy feat during the great financial crash of 2008 2009 and the biggest economic downturn in my life I'd heard of the possibilities of blogging There were a few bloggers doing what I could only dream of doing Making a living just for doing something they loved I gave it some consideration and contacted some of them Many were kind enough to answer my emails and some gave me some solid advice on getting started with my very own blog Have you noticed how some bloggers make six or seven figure incomes while others struggle to even make 100 What if I could teach you some key skills and habits that could make your blog a true success financially One of the biggest secrets I can share about blogging one that I quickly came to understand from other successful communicators is that you have to be passionate about what you're writing But this book has so much more to offer In this book you'll find easy step by step instructions on how to Setup your very own blog Analyze and select a specific niche that is both profitable and that you are passionate about Promote and market your blog using several proven social media marketing strategies Apply basic content strategy and design elements to your blog posts to make them go viral Apply 25 essential blogging tips that can help you turn passion into profit While you may not get instantly rich from blogging it is something you can easily build upon in your spare time and expand into a full fledged career path In this book you will learn everything you need to know to get a huge advantage in blogging by standing on the shoulders of some of the most successful bloggers ever to put words on a page For less than a cup of coffee this book will literally teach you how to turn your passion into profit become your own boss and eventually leave the day job behind Don't wait click the Add to Cart button now and let's get started *A N00b's Guide to WordPress* BookCaps,Erin Micheletti,2011 Ask most bloggers what they use and they'll say Blogger And why shouldn't they Blog is right smack in the title And Google owns it and we all love Google right Blogger is also ridiculously simple so simple that any dummy with a computer can use it which is how as a matter of fact so many crazy people get on syndicated news

shows hint if you want to get on a syndicated news show just say something crazy and far fetched So Blogger wait This book isn't about Blogger If Blogger is so ridiculously simple why would anyone want to use WordPress Easy because WordPress can put Bloggers blogsack in a knot if the two go fist to cuffs WordPress is powered by fancy things like PHP and MySQL and is often used as a CMS in web design Not sure what those words mean We'll get that shortly but for now just understand that they are unbelievably powerful If you want to create a blog about different socks your grandma has sewn you for Christmas then Blogger's a pretty good fit but if you want to create a blog that's knock your socks off gorgeous then read on and we'll show you how Before continuing be forewarned this is not an in depth manual that covers the tiniest details about WordPress this is a handbook for starters who want to master it quickly or just want to know what it's all about We are going to tell you everything you need to know in a way that you can understand
