Have you always wanted to learn how to speak French but simply didn't have the time? Well, if so, then look no further. You can hold in your hands *Conversational French Quick and Easy Books I, II, and III*, that is one of the most advanced and revolutionary methods boxset series that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the most common words that are most likely to be used in real conversations. These words were chosen in such a way that they were structurally interrelated and when combined form sentences. Through various other discoveries about how real conversations work, discoveries that are detailed further in this book, Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant now. If you want to learn complicated grammar rules or to speak perfectly proper and precise French, this book is not for you. However, if you need to actually hold a conversation while on a trip to a French-speaking country to impress someone or to be able to speak with your grandfather or grandmother as soon as possible, then the Nitzany Method is what you have been looking for. This method is designed for fluency in a foreign language while communicating in the present tense. Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away. This is one of the several in a series of instructional language guides. The Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible. No more depending on volumes of books of fundamental, beginner, intermediate, and advanced levels, all with hundreds of pages, in order to learn a language. With *Conversational French Quick and Easy Series Books I, II, and III*, all you will need is to learn French today, not tomorrow, and get started now.

*Conversational French in 20 Lessons* R. Diez De La Cortina, Douglas W. Alden, 1990-09-15

Step By Step these twenty lessons with charming and helpful illustrations will enable you regardless of previous language training to read, write, and speak French in the shortest possible time. The Cortina Method has been time-tested and is the quick, easy, and natural way to learn a language. It has received the approval of teachers, students, schools, colleges, and business firms all over the world. *Guide To Pronunciation And Spelling* Explains how to pronounce the sounds, words, and phrases of the language through simple phonetic symbols based on English spelling. Rules of spelling are also explained. *Twenty Conversational Lessons* These lessons include useful vocabularies and everyday conversations. Alongside of each word and sentence is given the correct pronunciation and English translation. Easy to understand grammatical footnotes are combined in this Method to make your language study effective and interesting.

Complete Reference Grammar Provides a complete and clear explanation of every rule of structure It is cross referenced with and adds to the explanation in the conversational lesson footnotes Bi Lingual Dictionary French English English French Dictionary contains all useful words and terms you need to know so you can locate them easily Over 2 500 000 Cortina Method language books have been sold FREE CASSETTE Offer On Back Of Book      *Conversational French Quick and Easy - PART II* Yatir Nitzany,2020-02-22 Have you always wanted to learn how to speak French but simply didn't have the time If so then look no further You can hold in your hands one of the most advanced and revolutionary methods ever designed for quickly becoming conversational in a language If your heart has been set on learning French then the Conversational French Quick and Easy series is the ideal way to learn quickly and comprehensively The aim is to get you talking to those around you as quickly as possible The three books in the series work together In Part 1 you learn the core set of words three hundred and fifty of them and then in Part 2 you learn the sentences that you need to supplement the core words In Part 3 your set of sentences is expanded to increase the topics you can talk about This set of language tools is all you need to master the language to even greater proficiency and quicker than with other courses If your previous attempts at learning French have failed then this series will restore your sense of hope and success The trick is in identifying which topics are useful and gathering just the right sentences and words The author draws on his own experiences in learning other languages which brought him to discover this unique method In Part 2 you are presented with a wide range of topics for learning conversational languages and this helps you get involved with greater possibilities for engaging in conversation This method helps students learn faster and easier It is a flawless method that has proven itself time and again If you decide to travel to France then this book will help you speak the French language This method has worked for the author and surpasses any other conversational language learning method system currently on the market today By including social issues such as travel common themes such as food daily activities like eating and essential practices like shopping it will help you to engage with more people who speak the language you are learning Learn French today      *Conversational French* Frank R. Le Roux,1918      *Language Hacking French* Benny Lewis,2017-11-14 It's true that some people spend years studying French before they finally get around to speaking the language But here's a better idea Skip the years of study and jump right to the speaking part Sound crazy No it's language hacking Unlike most traditional language courses that try to teach you the rules of French LanguageHacking shows you how to learn and speak French through proven memory techniques unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners Benny Lewis aka the Irish Polyglot Using the language hacks shortcuts that make learning simple that Benny mastered while learning his 11 languages and his speak from the start method you will crack the language code and exponentially increase your language abilities so that you can get fluent faster It's not magic It's not a language gene It's not something only other people can do It's about being smart with how you learn learning what's indispensable skipping what's not and using what you've learned to have real

conversations in French from day one The Method LanguageHacking takes a modern approach to language learning blending the power of online social collaboration with traditional methods It focuses on the conversations that learners need to master right away rather than presenting language in order of difficulty like most courses This means that you can have conversations immediately not after years of study Each of the 10 units culminates with a speaking mission that prepares you to use the language you ve learned to talk about yourself Through the language hacker online learner community you can share your personalized speaking missions with other learners getting and giving feedback and extending your learning beyond the pages of the book You don t need to go abroad to learn a language any more

*French for Beginners* Getaway Guides,2015-03-30 French for Beginners 2nd Edition The Best Handbook for Learning to Speak French French is considered as one of the languages that is widely learned all over the world There is a high likelihood that you are already familiar with some French phrases and words Because of the French invasion in England during the eleventh century the French language has given significant contributions to the English vocabulary This means that even if you are not actively learning French but

is adept in English you are already using a lot of French words without you knowing Because of hundreds of years of interaction with the British and because of common ancient forefathers French has offered English speakers a fairly easy path to conversing using a different language French and English share several similarities in sentence construction You may even realize that a lot of French and English words have similar sounds The limited French sounds may still be familiar to you because of movies and TV shows Some of these unique French sounds include the silent h and the gruff r sound but this does not completely mean that everything you watch and hear on TV is totally accurate Still being able to adopt the French accent you have acquired from watching movies can help you a lot while learning the language Even if French is remotely related to the English language it is more generally compared to other Romance languages such as Spanish and Italian All these three languages were created from the Latin language used by the Romans during their invasions in 1 B C but despite their common origin the evolution of the French language is different from the evolution of Italian and Spanish which still share a lot of similarities even up to today Currently there are around thirty countries who name French as one of their official languages In Canada French is commonly used in the Quebec region only While in Belgium French is used in the Southern area only The spread of the French language can be partly explained by the colonization of several nations in the Pacific Africa and the Caribbean by France On top of that the French language was actually used as the official language for international diplomacy until the initial years of the twentieth century when the English language took over Here Is A Preview Of What Is Inside The French Language Pronunciation Tools for Building Phrases Basic Vocabulary Words and Phrases Socializing in French Much much more Purchase your copy today
