Bastards and Believers Theodor Dunkelgrün, Paweł Maciejko, 2020-03-06 A formidable collection of studies on religious conversion and converts in Jewish history Theodor Dunkelgrün and Paweł Maciejko observe that the term conversion is profoundly polysemous It can refer to Jews who turn to religions other than Judaism and non Jews who tie their fates to that of Jewish people It can be used to talk about Christians becoming Muslim or vice versa Christians born again or premodern efforts to Christianize or Islamize indigenous populations of Asia Africa and the Americas It can even describe how modern secular people discover spiritual creeds and join religious communities Viewing Jewish history from the perspective of conversion across a broad chronological and conceptual frame *Bastards and Believers* highlights how the concepts of the convert and of conversion have histories of their own The volume begins with Sara Japhet's study of conversion in the Hebrew Bible and ends with Netanel Fisher's essay on conversion to Judaism in contemporary Israel In between Andrew S Jacobs writes about the allure of becoming an other in late Antiquity Ephraim Kanarfogel considers Rabbinic attitudes and approaches toward conversion to Judaism in the Middle Ages and Paola Tartakoff ponders the relationship between conversion and poverty in medieval Iberia Three case studies by Javier Castaño Claude Stuczynski and Anne Oravetz Albert focus on different aspects of the experience of Spanish Portuguese conversos Michela Andreatta and Sarah Gracombe discuss conversion narratives and Elliott Horowitz and Ellie Shainker analyze Eastern European converts encounters with missionaries of different persuasions Despite the differences between periods contexts and sources two fundamental and mutually exclusive notions of human life thread the essays together the conviction that one can choose one's destiny and the conviction that one cannot escape one's past The history of converts presented by *Bastards and Believers* speaks to the

The Rabbinic Conversion of Judaism Moshe Lavee, 2017-11-20 In this volume Moshe Lavee offers an account of crucial internal developments in the rabbinic corpus and shows how the Babylonian Talmud dramatically challenged and extended the rabbinic model of conversion to Judaism The history of conversion to Judaism has long fascinated Jews along a broad ideological continuum This book demonstrates the rabbis in Babylonia further reworked former traditions about conversion in ever more stringent direction shifting the focus of identity demarcation towards genealogy and bodily perspectives By applying a reading strategy that emphasizes late Babylonian literary developments Lavee sheds critical light on a broader discourse regarding the nature and boundaries of Jewish identity

Epstein collects essays and memoirs that frame the debate around conversion These essays cover a wide range of topics to sharpen the focus around the many disputes about conversion to Judaism such as appropriate motivations requirements for conversion and who may legitimately conduct a conversion

Embracing the Covenant Rabbi Allan L. Berkowitz, Patti Moskovitz, 2011-11-23 This book is a practical and inspirational companion to the conversion process for Jews by Choice and their families Written primarily for the person considering the choice of Judaism it provides highly personal insights from over 50 people who have made this life changing decision But it also will speak to their families the non Jewish family that provided his or her spiritual beginnings and the Jewish family which receives the convert and help them

understand why the decision was made **Becoming Jewish** Steven Carr Reuben, Jennifer S. Hanin, 2011-09-16 *Becoming Jewish* is the first all inclusive step by step guide to converting to Judaism Steven Carr Reuben a highly respected rabbi and Jennifer S Hanin a convert to the faith lead readers through the conversion process providing the right mix of advice resources and humor for the journey Jews to be often find the steps to Judaism foreign complex and mysterious From learning an ancient language to entering the mikvah ritual bath to choosing a Hebrew name to circumcision to appearing before a bet din Jewish court becoming a Jew is anything but quick and easy In this engaging and accessible guide Reuben and Hanin offer practical wisdom for every step of conversion including telling family and friends selecting a denomination choosing a rabbi understanding Jewish rituals celebrating Jewish holidays putting aside childhood holidays keeping ties to the past advice on weddings raising kids and more Throughout the authors focus on developing a healthy spiritual life while helping readers understand what it means to be Jewish absorb Jewish teachings and live a Jewish life **Emerging Jewish** Daniel B. Kohn, 2007 Converting to Judaism can be an arduous process After all the Jewish tradition is over three thousand years old filled with a rich history of significant events great literature sophisticated theology a full calendar of holidays and chock full of home rituals spiritual practices customs and commandments It is a comprehensive way of life and this wealth of knowledge can be an exhausting obstacle to a potential convert It is no wonder that many formal courses for conversion to Judaism can take over a year there is a lot to learn But perhaps even more difficult than the formal educational process for some people the informal social aspect of converting to Judaism can be especially challenging Becoming a Jew is more than simply adopting a new faith and set of spiritual practices it also involves joining a whole new people and ethnic group For some converts marrying into a Jewish family means trying to win the acceptance of Jewish in laws who may be less than enlightened about the conversion process For others it may mean working to acquire the approval of Jewish friends and acquaintances in a community or synagogue There is also the challenge of dealing with the complex and varied reactions of non Jewish family members and friends Unfortunately not all Jews by Choice are immediately supported by their families of origin or welcomed into the Jewish people with open arms For many new Jews developing and independent sense of their own Jewish identity a feeling of belonging authenticity and ease in the Jewish religion and amongst the Jewish people can be a long term struggle This book contains information that many rabbis and teachers probably feel uncomfortable divulging to students studying for conversion This book is about the unpleasant painful and even unfair side of the experience of Jewish conversion In fact I had originally titled it *What the Rabbis Won't Tell You About Becoming a Jew* because no rabbi wants to reveal the pitfalls and challenges that potential converts to Judaism might face Based on personal experiences anecdotal evidence from former converts as well as direct observation this book presents strategies for coping with unsupportive non Jewish family members and friends the inherently discriminatory nature of the process of conversion to Judaism the prejudicial anti convert views that some Jews by Choice may confront when interacting

with a small number of bigoted ignorant members of the Jewish community and coming to grips with the fact that no matter what denomination of the rabbi who officiates at the conversion there will always be someone who will claim the process was not Jewish enough and therefore invalid. These are the kinds of topics no rabbi or teacher wants to bring up when discussing the joys and spiritual highlights of conversion to Judaism. However, I feel that it is a disservice to Jews by Choice not to be inoculated against these potentially explosive issues. And let's not forget the reaction of non-Jewish friends and family who also may be less than pleased by the spiritual choice of a loved one who suddenly announces their interest in converting to Judaism. It is not at all uncommon for non-Jewish family members to experience a sense of guilt over what they might have done wrong which leads their son, daughter, brother, sister to abandon their faith of origin. Some families and friends may even experience the conversion of a child or friend as an act of abandonment. And some devoutly Christian friends and family members may sincerely worry about the ultimate and eternal disposition of the soul of a convert to Judaism whom they believe may now be condemned to eternal damnation. Especially given the unique and complicated relationship of Christianity to Judaism, converting to Judaism for many former and even unaffiliated Christians can present numerous challenges to their families and friends.

New Jew: An Unexpected Conversion Sally Friedes, 2010-05-11 The New Jew is a story of an unexpected road to conversion from Sally's first culture shock in synagogue through encounters with rabbis that left her feeling alienated to the warmth of Jewish friends and family who drew her in. Woven into the story is Sally's relationship with Bernice her Manhattanite Jewish mother-in-law whose unexpected death offers a particular poignancy to her journey.

When the State Winks Michal Kravel-Tovi, 2017-09-05 Religious conversion is often associated with ideals of religious sincerity. But in a society in which religious belonging is entangled with ethnonational citizenship and confers political privilege a convert might well have multilayered motives. Over the last two decades mass non-Jewish immigration to Israel especially from the former Soviet Union has sparked heated debates over the Jewish state's conversion policy and intensified suspicion of converts' sincerity. When the State Winks carefully traces the performance of state-endorsed Orthodox conversion to highlight the collaborative labor that goes into the making of the Israeli state and its Jewish citizens. In a rich ethnographic narrative based on fieldwork in conversion schools, rabbinic courts and ritual bathhouses Michal Kravel-Tovi follows conversion candidates mostly secular young women from a former Soviet background and state conversion agents mostly religious Zionists caught between the contradictory demands of their nationalist and religious commitments. She complicates the popular perception that conversion is a wink-wink relationship in which both sides agree to treat the converts' pretenses of observance as real. Instead she demonstrates how their interdependent performances blur any clear boundary between sincere and empty conversions. Alongside detailed ethnography When the State Winks develops new ways to think about the complex connection between religious conversion and the nation-state. Kravel-Tovi emphasizes how state power and morality is managed through winking the subtle exchanges and performances that animate everyday institutional encounters between state and citizen. In a country marked by tension between official religiosity and a predominantly secular Jewish population winking permits the state to save its Jewish face.
