Convict Women:

Convict Women Kay Daniels, 1998-07-01 Who were the female convicts What kinds of lives did they lead in a new society half a world away from home *Convict Women* looks beyond the conventional images to draw a new and often surprising picture of convict women's experiences in a strange and harsh country Beginning with the story of Maria Lord convict pioneer family woman successful entrepreneur and abandoned wife the book looks at the central themes of convict women's history in Australia ranging from the female factories and orphan schools to sexuality and freedom Neither damned whores nor passive victims these women and the choices they made shaped the world in which they lived *Convict Women* tells us much about the richness and complexity of life in a newly formed community the most comprehensive and empathetic account to date of the experiences of Australia's convict women Anne Summers Kay Daniels entrances us with a highly original picture of the lives of convict women From the first page to the last we are drawn into a world very different from our own yet also strangely recognisable and uncomfortably pertinent Ann Curthoys Manning Clark Professor of History ANU

Welsh Convict Women Deirdre Beddoe, 1979 The Tin Ticket Deborah J. Swiss, 2010-10-05 The convict women who built a continent A moving and fascinating story Adam Hochschild author of *King Leopold's Ghost* Historian Deborah J Swiss tells the heartbreaking horrifying and ultimately triumphant story of the women exiled from the British Isles and forced into slavery and savagery who created the most liberated society of their time *The Tin Ticket* takes us to the dawn of the nineteenth century and into the lives of Agnes McMillan whose defiance and resilience carried her to a far more dramatic rebellion Agnes's best friend Janet Houston who rescued her from the Glasgow wynds and was also transported to Van Diemen's Land Ludlow Tedder forced to choose just one of her four children to accompany her to the other side of the world Bridget Mulligan who gave birth to a line of powerful women stretching to the present day It also tells the tale of Elizabeth Gurney Fry a Quaker reformer who touched all their lives Ultimately it is the story of women discarded by their homeland and forgotten by history who by sheer force of will become the heart and soul of a new nation **Chained in Silence**

Talitha L. LeFlouria, 2015-04-27 In 1868 the state of Georgia began to make its rapidly growing population of prisoners available for hire The resulting convict leasing system ensnared not only men but also African American women who were forced to labor in camps and factories to make profits for private investors In this vivid work of history Talitha L LeFlouria draws from a rich array of primary sources to piece together the stories of these women recounting what they endured in Georgia's prison system and what their labor accomplished LeFlouria argues that African American women's presence within the convict lease and chain gang systems of Georgia helped to modernize the South by creating a new and dynamic set of skills for black women At the same time female inmates struggled to resist physical and sexual exploitation and to preserve their human dignity within a hostile climate of terror This revealing history redefines the social context of black women's lives and labor in the New South and allows their stories to be told for the first time *A Global History of Convicts and*

Penal Colonies Clare Anderson, 2018-05-17 Between 1415 when the Portuguese first used convicts for colonization purposes in the North African enclave of Ceuta to the 1960s and the dissolution of Stalin's gulags global powers including the Spanish Dutch Portuguese British Russians Chinese and Japanese transported millions of convicts to forts penal settlements and penal colonies all over the world *A Global History of Convicts and Penal Colonies* builds on specific regional archives and literatures to write the first global history of penal transportation The essays explore the idea of penal transportation as an engine of global change in which political repression and forced labour combined to produce long term impacts on economy society and identity They investigate the varied and interconnected routes convicts took to penal sites across the world and the relationship of these convict flows to other forms of punishment unfree labour military service and indigenous incarceration They also explore the lived worlds of convicts including work culture religion and intimacy and convict experience and agency

The Australian People James Jupp, 2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture *The Australian People* documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation

Convict Maids Deborah Oxley, 1996-06-17 This analysis of female transports to Australia reveals their significant contribution to the new economy

Depraved and Disorderly Joy Damousi, 1997-05-28 This innovative book marks a new way of looking at convict women It tells their stories in a powerful and evocative way drawing out broader themes of gender and sexual disorder and race and class dynamics in a colonial context It considers the convict past in light of contemporary concerns looking at the cultural meanings of aspects of life in the colony on ships in the factories and in orphanages Using startlingly original research Joy Damousi considers such varied topics as headshaving as punishment in the prisons and the subversive nature of laughter and play as well as analysing the language of pollution purity and abandonment She also discusses the nature of sexual relationships including evidence of lesbianism The book shows how understanding about sexual and racial difference was crucial for both the maintenance and disturbance of colonial society and became a focus for cultural anxiety

Convict Voices Anne Schwan, 2014-12-02 In this lively study of the development and transformation of voices of female offenders in nineteenth

century England Anne Schwan analyzes a range of colorful sources including crime broadsides reform literature prisoners own writings about imprisonment and courtroom politics and conventional literary texts such as Adam Bede and The Moonstone Not only does Schwan demonstrate strategies for interpreting ambivalent and often contradictory texts she also provides a carefully historicized approach to the work of feminist recovery Crossing class lines genre boundaries and gender roles in the effort to trace prisoners authors and female communities imagined or real Schwan brings new insight to what it means to locate feminist or protofeminist details arguments and politics In this case she tracks the emergence of a contested and often contradictory feminist consciousness through the prism of nineteenth century penal debates The historical discussion is framed by reflections on contemporary debates about prisoner perspectives to illuminate continuities and differences Convict Voices offers a sophisticated approach to interpretive questions of gender genre and discourse in the representation of female convicts and their voices and viewpoints

Defiant Voices Babette Smith, 2021-04 Between 1788 and 1868 approximately 25 000 women were transported to Australia For nearly 200 years there has been a chorus of outrage at their vulgarity their depravity and their promiscuity Babette Smith takes the reader beyond this traditional casting of convict women looking for evidence of their humanity and individuality Certainly some were desperate overwhelmed by a relentless chain of criminal convictions drunkenness and despair But others were heroic defiant Smith offers fresh insights the women s use of sound and voice to harass officials for example the extent of their deliberate resistance against authority This resistance she argues has contributed significantly to broader Australian culture The women s stories begin when their fates are decided by the British Crown We are introduced to women who stole set fires rioted committed insurance fraud murdered mothers of six and 12 year old girls women who refused to show deference to the Court instead giving mock curtsies jumping and capering about A sailor wrote ship s surgeon Peter Cunningham was more an object of pity than wrath To see twenty wicked fingers beckoning to him and twenty wicked eyes winking at him at one and the same time no wonder his virtue should sometimes experience a fall Among the hysterical accounts of bad behaviour aboard female convict ships written by concerned reverends surgeons and others are scenes that show female camaraderie fun and intrepid spirit Washing clothes became a grand water party caught in a storm women came up on deck to help their fellow convicts haul water women sang and danced before bed putting on concerts for each other dressed out in their gayest plumage This camaraderie continued in Australia In Tasmania s overcrowded Cascades factory the superintendent complained about women corrupting each other in nightly conversation laced with obscenity Another interpretation is that women sought the comfort of sharing their woes with one another telling war stories of life on assignment and generally enjoying each other s company in language that was everyday for them *Defiant Voices* tells the story of the Crown trying and failing to make its prisoners subservient to a harsh penal system Convict women challenged the authorities by living in perpetual disobedience which was often flagrant sometimes sexual and always loud They were not all the most abandoned prostitutes but their

sexual mores were certainly different from the observers who labelled them From factory rioters to individuals like Ann Wilson whose response That will not hurt me provoked a magistrate to pile punishment after punishment onto her the women of Defiant Voices fought like tigers and drove men to breaking point with their collective voices the lewd songs and disorderly shouting resounding from the page **Australian Convict Sites** ,2008 The Australian Convict Sites is made up of 11 sites in New South Wales Tasmania western australia and Norfolk island This framework is a key part of the co operative management by five governments to protect conserve and present the Australian Convict Sites p 3 *A History of Our Own Times* Justin McCarthy,1881 Historical Records of New South Wales: Grose and Paterson. 1793-1795 ,1893
