Excerpt from Sunset All Western Cook Book How to Select Prepare Cook and Serve All Typically Western Food Products Recipes Included for Favorite Regional and Foreign Dishes Peculiar to the West Cook books and cook books there are in great abundance collections of old Southern recipes New England recipes Chinese recipes recipes for entrees for meat dishes and meatless dishes and so on in uncounted number Strange to say in all this profusion of excellent cook books general or specific in purpose the West and its products have been largely ignored This is strange when one remembers that Western hospitality and Western cookery have been noted throughout the land since the early days of gold It is particularly strange when one considers that our Western states produce such a profusion of unusual and unusually good fruits and nuts and vegetables and fish Many of these are of course shipped to other sections of the country A good many others however cannot well be shipped and so are enjoyed in all their deliciousness right here at the source of supply Of those products that are shipped East we of the West have greater abundance at lower prices and we have them at their best fresh from ranch garden or orchard or from the Pacific itself This Sunset All Western Cook Book makes no pretense of being a complete cook book that will answer all your questions about ordinary cooking and baking There are too many good general cook books on sale now for us to attempt to gather into one volume all the wisdom of that sort Instead we have so far as possible omitted the ordinary recipes and information that are found in every other cook book and have endeavored to make this an extremely useful handbook 011 the preparation and serving of typically Western food products And in spite of the fact that it does not lay claim to being a general cook book we suspect that it will be used more frequently in every Western home kitchen into which it finds its way than the regulation cook book ordinarily is used This Sunset All Western Cook Book has grown out of five years direct contact with homemakers of the Pacific Coast states About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Joseph**
