Controversial Elements in Lucretius George P Eckman, 2023-07-18 Lucretius poem De Rerum Natura is a masterpiece of ancient Roman literature. However, it has been the subject of controversy for centuries. In this book, George P Eckman explores some of the more controversial elements of the poem, including its treatment of the gods, its Epicurean philosophy, and its theory of atomism. Controversial Elements in Lucretius George P. Eckman, 2016-09-05 Excerpt from *Controversial Elements in Lucretius* A Thesis. It can readily be appreciated that a period of such fermentation and alarm would afford opportunity for philosophic study to those alone who were able to retire from political excitements to private leisure and quiet. Moreover, the very characteristics of the Epicurean philosophy would recommend it chiefly to persons of this description. Participation in public life was distinctly discouraged by the school of Epicurus, who regarded the realm of politics as a world of tumult and trouble, wherein happiness, the chief end of life, was almost if not quite impossible. They counselled entering the arena of public affairs only as an occasional and disagreeable necessity or as a possible means of allaying the discontent of those to whom the quiet of a private life was not wholly satisfactory. Such instruction, though phrased in the noble hexameters of a Lucretius, was scarcely calculated to enjoy immediate popularity in the stirring epoch of a fast hurrying revolution.

controversies the canon has been subject to in the past Part II deals with anticanonism epistemological and political dimensions of the theory underlying it Casement then shows concrete examples of anticanonism in operation at Stanford University and St Lawrence University Casement argues that while much of what anticanonists say is hyperbolic or mistaken we should listen to their demand to give fair treatment to works by marginalized authors and to great non Western works This means re reviewing works worthy of canonization that may have been obscured by prejudice but still requiring that they make it on their own merits and not out of sympathy for their authors The Great Canon Controversy will be of great interest to educators and students alike as well as those interested in the future of higher education in the United States The Triangle ,1899
