

# Conversation W Anthony Dejasay

**Robert Nef, Christoph Frei**

## Conversation W Anthony Dejasay:

Ordered Anarchy Hartmut Kliemt, 2016-05-13 Anthony de Jasay's work has been enormously influential describing both a theoretical philosophical model for a stateless liberal free market order and offering analysis of and solutions to many of the technical economic problems associated with such a vision of society most notably his work on the free rider and his return. In this book ten significant scholars in philosophy and political economy including Nobel laureate in economics James Buchanan pay tribute to the man and his work in a series of essays at once both respectful and critical. Ordered Anarchy focuses on three fundamental questions of libertarian thinking Which are the basic libertarian principles and how do rights and liberties relate to each other Is order possible and durable in an anarchic or quasi anarchic society and if so under which preconditions How and to what extent are the pillars of politics such as the constitution institutions and government detrimental or beneficial to an enduring free society While Narveson Palmer and Bouillon focus on the first of these questions the late Radnitzky and van Dun address the second Benson Holcombe and Kliemt provide answers to question number three while Buchanan and Little highlight the role of Anthony de Jasay in this debate and the inspiration that his thinking has given to the authors of this volume Bakunin und Mises in eine Front!? Michael von Prollius, Stefan Blankertz, 2022-11-03 Ein

Liberaler Ein Anarchist Im Gespräch Feuer und Wasser oder Geistesverwandte Seit etlichen Jahren treffen sich in der Berliner Bar Vincent der Liberale Michael von Prollius und der Anarchist Stefan Blankertz Aus anfänglicher Konfrontation ist Freundschaft geworden Inzwischen steht die Suche im Vordergrund was eine freiheitlichere Gesellschaft möglich machen würde und welche historischen Chancen verpasst worden sind aber nachgeholt werden könnten In diesem Buch präsentieren sie die besten Stücke aus ihren Diskussionen Die Unterschiede werden klar benannt die verbindende Haltung der Freiheit betont Die Themen sind in kurze bersichtliche Stücke unterteilt Sie reichen von der Frage der Möglichkeit einer Verfassung der Freiheit bis hin zu der ob durch ein Miteinander statt Gegeneinander von Liberalen und Anarchisten sich ein friedlicheres Deutschland hätte erreichen lassen **La postverità socialista** Alberto Benegas Lynch (h), 2023-10-04T00:00:00+02:00 In

America Latina Benegas Lynch sta all'economia come Vargas Llosa sta alla letteratura indiscutibilmente ai vertici della propria disciplina e al tempo stesso schierato per la causa della libertà in tutte le sue accezioni e per di più con il coraggio di assumere una posizione politica liberale e liberista anti populista e anti socialista L'autore sostiene l'impossibilità di coniugare l'economia con il socialismo ritenendo che un'economia socialista sia una contraddizione in termini tanto dal punto di vista teorico quanto da quello pratico visti i sistematici fallimenti su scala mondiale che questo connubio ha generato E allora perché l'idea di un'economia socialista continua ad essere sostenuta e diffusa La risposta di Benegas Lynch originale e precisa perché dietro ad essa c'è per usare una parola tanto cara alla sinistra una narrazione che falsifica la realtà e spaccia per vere teorie e tesi false C'è dunque una sorta di post verità che ha consentito la circolazione di un'assurda economia connessa a un'ideologia totalitaria La tesi centrale di questo libro prima sua opera tradotta in italiano il liberalismo va preso tutto insieme

libert individuali e civili unitamente a quelle economiche nel quadro valoriale della civiltà ebraico cristiana e va assolutamente tenuto distinto da qualsiasi forma di socialismo Czech Experience of Economic Transition and EU Accession Processes

Eva Klvačová, Vysoká škola ekonomická v Praze. Institut integrace ČR do evropské a světové ekonomiky, 2005 **On the Road to Democracy** Václav Klaus, John C. Goodman, Wess Mitchell, 2005 Collection of essays written during arguably the most remarkable decade of the 20th century when communism fell throughout the Soviet Empire and was replaced by free and market oriented nations *Estados Unidos contra Estados Unidos* Alberto Benegas Lynch, 2008 Fiel al espíritu de su autor Estados Unidos contra Estados Unidos tiene muchas dimensiones el texto delata al mismo tiempo al profesor al investigador al economista al periodista y en general al humanista que es Benegas Lynch Pero tiene una dimensión adicional que quizá convenga a llamar sentimental Es la condolencia de un enamorado de Estados Unidos por la decadencia paulatina aunque no irreversible del legado liberal de quienes erigieron la república estadounidense en el siglo XVIII En relación a este libro Ivar Vargas Llosa se alaba muchos libros han tratado de abordar estas cuestiones algunos desde la izquierda y otros desde la derecha y todos de forma parcial enfocando tal o cual aspecto Pero en este nuevo milenio ninguno que yo sepa las ha abordado todavía de forma integral desde una postura coherentemente liberal **CSA Political Science &**

**Government**, 2005 **Contending with Hayek** Robert Nef, Christoph Frei, 1994 Papers presented at a conference held in 1992 in Zurich Switzerland Includes bibliographical references p 223-228 *The Journal of Markets & Morality*, 2003

**Index to Legal Periodicals & Books**, 2003 Choice, Contract, Consent Anthony De Jasay, 1991 Choice Contract Consent in restating liberalism finds its rock bottom foundations in six first principles that are either self evident or readily acceptable to bona fide reason These simple relatively undemanding principles dictate the outline of a stable political doctrine The doctrine is strict in that it confines the state to mandatory tasks instead of allowing it discretionary latitude within rules This is a loose constraint because collective choice can choose its own rules Political doctrine informs practical politics In politics collective choice replaces and often overrides individual choice For this to be legitimate it does not suffice to respect procedures such as those demanded by democracy Collective choice to be morally justified needs substantive legitimacy too Choice Contract Consent develops the conditions that substantive legitimacy must meet and delineates the restricted class of cases where a liberal government may preempt the voluntary choices of its citizens *Political Philosophy, Clearly* Anthony De Jasay, 2010 Anthony de Jasay one of the most independent thinkers and influential libertarian political philosophers of our time challenges the reigning paradigms justifying modern democratic government The articles collected in this book delve deeply into the realm of political thought and philosophical criticism A reader who is interested in a philosophical yet clear jargon free account of such fundamental topics as the relationship between liberty and justice the viability of limiting government the role of property and the possibilities of the private provision of public goods as well as the private enforcement of public rules will find reading this book rewarding Most of the articles have been published before

in a wide array of publications and are presented here for the first time in one volume The discussions in this work exhibit the anti statist line of thought that Jasay consistently pursues in all his writings For Jasay the provision of collective goods including the most central one of social order itself is much less dependent on the application of fundamental coercive power by centralised authorities than generally assumed This idea echoes arguments he develops in detail in *Social Contract Free Ride* **New Statesman Society** ,1989-05 **The Salisbury Review** ,2002 **The Review of Metaphysics** ,2005

**Contractarian Liberal Ethics and the Theory of Rational Choice** Jung Soon Park,1992 This book investigates the relationship between morality and rationality in the context of historical and present day contractarian ethics From Rawls to Gauthier contractarians have attempted to construct their methodological foundations on the theory of rational choice Through a careful study of the nature and limits of the theory of rational choice Jung Soon Park argues that the theory cannot provide the reliable foundations for contractarian liberal ethics Consequently the author takes seriously the question about the future of contractarian liberal ethics Is it the end or can there be a transformation *Post-socialist Political Economy* James M. Buchanan,1997 This book presents a critical assessment of the political and social order in the post revolutionary decade of the 1990s in both the transitional economies and Western welfare states confronting fiscal crises As we enter the new post socialist century James M Buchanan argues that we need to think and act on the premise that the future is uncertain James M Buchanan examines the political economy of the post socialist era analysing the events of 1989 91 and some of their predicted consequences In addition he reflects upon the influence of those revolutionary years and the reactions to the changes as well as the role of economists in the new socio political environment The political economy of the post socialist era will be determined by the forces of historical development social and cultural evolution directed political change and exogenous shocks To a large extent many of these forces cannot be planned for except directed political change This insightful new book will be welcomed by political economists legal and political philosophers political scientists and public choice economists **The Times Index** ,1985 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement TLLS, the Times Literary Supplement ,1986 **Poznan Studies in the Philosophy of the Sciences and Humanities** ,1993
