Addresses the emotional and psychological issues that face women with breast cancer especially those who lose one of their breasts to the disease Covers femininity sexuality intimacy and more **House Calls** Patch Adams, 1998 A reminder that some of the most important factors in healing are not high tech marvels but ordinary factors such as love compassion friendship and hope **Life-O-Life It cant be better?!** Matthew K.C. Chan, 2015-05-28 blog book written by a cancer patient who talks about his journey throughout the cancer treatment and how he deals with death Reconstructing Illness Anne Hunsaker Hawkins, 1999 Serious illness and mortality those most universal unavoidable and frightening of human experiences are the focus of this pioneering study which has been hailed as a telling and provocative commentary on our times As modern medicine has become more scientific and dispassionate a new literary genre has emerged pathography the personal narrative concerning illness treatment and sometimes death Hawkins s sensitive reading of numerous pathographies highlights the assumptions attitudes and myths that people bring to the medical encounter One factor emerges again and again in these case studies the tendency in contemporary medical practice to focus primarily not on the needs of the individual who is sick but on the condition that we call disease Pathography allows the individual person a voice one that asserts the importance of the experiential side of illness and thus restores the feeling thinking experiencing human being to the center of the medical enterprise Recommended for medical practitioners the clergy caregivers students of popular culture and the general reader *Reconstructing Illness* demonstrates that only when we hear both the doctor s and the patient s voice will we have a medicine that is truly human **Lion Taming** Betty Perkins, 2002 *Lion Taming* develops the idea that difficult people are opportunities not obstacles to personal inner growth This guide gives step by step exercises to deal with difficult people places and situations *Remembrance of Father* Jonathon Lazear, 1995-05-09 The loss of a father at any age can be devastating Memories can be triggered by anything from a birthday to a poignant moment in a movie or the anniversary of his death However with sorrow can also come the realization of the immeasurable contribution a father makes to his children s past present and future *Remembrance of Father* allows people who have lost their fathers to reflect on the influence and presence their fathers have had in their lives Using poetry brief essays and quotations from famous writers and drawing on the hard earned wisdom of men and women whose father have died this book is an opportunity for reflection mourning and honoring a father s memory With selections from such writers as C S Lewis Thomas Moore Kurt Vonnegut and Emma Bombeck this volume is filled with love reflection and compassion *Remembrance of Father* is a celebration of the gifts only a father can give **Gesundheit!** Patch Adams, 1998-10-01 The inspiring and hilarious story of Patch Adams s quest to bring free health care to the world and to transform the way doctors practice medicine Tells the story of Patch Adam s lifetime quest to transform the health care system Released as a film from Universal Pictures starring

Robin Williams Meet Patch Adams M D a social revolutionary who has devoted his career to giving away health care Adams is the founder of the Gesundheit Institute a home based medical practice that has treated more than 15 000 people for free and that is now building a full scale hospital that will be open to anyone in the world free of charge Ambitious Yes Impossible Not for those who know and work with Patch Whether it means putting on a red clown nose for sick children or taking a disturbed patient outside to roll down a hill with him Adams does whatever is necessary to help heal In his frequent lectures at medical schools and international conferences Adams s irrepressible energy cuts through the businesslike facade of the medical industry to address the caring relationship between doctor and patient that is at the heart of true medicine All author royalties are used to fund The Gesundheit Institute a 40 bed free hospital in West Virginia Adams s positive vision and plan for the future is an inspiration for those concerned with the inaccessibility of affordable quality health care Today s high tech medicine has become too costly impersonal and grim In his frequent lectures to colleges churches community groups medical schools and conferences Patch shows how healing can be a loving creative humorous human exchange not a business transaction
