My Mother's Dream George Henderson,2024-07-31 From the Preface The primary audience for this book is first generation college students Whether they are in two year or four year colleges I give the readers an example of the power of a parent s dream the positive and negative outcomes of a student s hard work the stuff caring teachers and supportive school administrators are made of and the significance of resilience tenacity and self growth Hopefully my story will give those who read this book a dose of what stick to itiveness means up close and personal My foremost message to first generation and other generation students is to ask for help when you are stumped seize whatever opportunities to help you improve and do your best work Secondly this book is written for teachers school counselors nurses and other personnel who help students during their educational journeys Their assistance can be helpful or hurtful to whatever generation of students they are helping What they do to students and how they do it matters hugely Thirdly this book is written for professional helpers who

are not school related but who want to become better helpers in other careers Lastly this book is written for people who are not professional helpers but are curious about the travails and struggles of poverty stricken people like me and my family I have had a long tedious journey from illiteracy to literacy from segregation to desegregation from poverty to affluence and from disliking people who came from cultures different from my own to loving them Nonviolent theories and behavior were like a river flowing through my life slowly during my childhood and adolescence and rapidly after I enrolled in college The Civil Rights Movement is the name of that river It was the foremost foundation upon which I built my philosophy of helping other people So of course the Reverend Dr Martin Luther King Jr was my hero role model and guide His words and strategies of change are generously sprinkled throughout the later chapters of this book Conversations with My Mother Melville Gary Finkelstein,2000-05-24 **Conversations with My Mother** Lisa Ingrid Cholmondeley,1995 Records & Briefs ,1959 Conversations with My Mother Ronald-Staephan Gilbert,2025-12 The memory of who we are survives in those we love In Conversations with My Mother a Novel of Dementia on the Maine Coast an elderly good hearted Francophone struggles with dementia as her small town succumbs to real estate development Focused on her relationship with her acerbic caregiver daughter and peripatetic businessman son the novel examines the siblings attempts to cope with their mother s deepening decline and the impending sale of the family property to underwrite her care A first person present narrative with a strong sense of place that draws parallels between the beleaguered heroine s persistent kindness and the embattled Maine coast s enduring beauty the book is as much about gain as it is about loss and ultimately is more about hope than regret
