Conversion Careers In And Out Of The New Religions:

Conversion Careers James T. Richardson, 1978-09 The material in this publication originally appeared as a special issue of American behavioral scientist Volume 20 Number 6 July August 1977 Includes bibliographical references Becoming Buddhist Glenys Eddy, 2012-02-02 What does it mean to be a Western Buddhist For the predominantly Anglo Australian affiliates of two Western Buddhist centres in Australia the author proposes an answer to this question and finds support for it from interviews and her own participant observation experience Practitioners prior experiences of experimentation with spiritual groups and practices and their experiences of participation practice and self transformation are examined with respect to their roles in practitioners appropriation of the Buddhist worldview and their subsequent commitment to the path to enlightenment Religious commitment is experienced as a decision point itself the effect of the individual s experimental immersion in the Centre s activities During this time the claims of the Buddhist worldview are tested against personal experience and convictions Using rich ethnographic data and Lofland and Skonovd s experimental conversion motif as a model for theorizing the stages of involvement leading to commitment the author demonstrates that this study has a wider application to our understanding of the role of alternative religions in western contexts Studying Global Pentecostalism Michael Bergunder, A. F. Droogers, Cornelis van der Laan, Allan Anderson, 2010 AndrT Droogers is Professor Emeritus of Cultural Anthropology at VU University Amsterdam The Sociology of Religion: Religious movements Malcolm B. Hamilton, 2007 The Sociology of Religion is a comprehensive and wide ranging introduction to theoretical debates in the sociology of religion placing these theories in the context of specific religious beliefs and practices Using examples as diverse as primitive religions Buddhism millennial movements the Protestant Ethic secularisation cults and the new religious movements Malcolm Hamilton demonstrates the multiplicity of religious traditions and enables readers to place their own experiences in a wider context He draws on both historical and anthropological perspectives in his examination of religious practices and outlines the work of major sociological theorists including Marx Durkheim Malinowski and other Functionalists Frazer and Weber in the examination of world religion bringing these theories up to date The significance of each theoretical perspective is illustrated by chapters on particular beliefs and practices **Cults, Sects, and New Religious Movements** Erica Treesh, 1985 *Introduction to New and Alternative Religions in America: Asian traditions* Eugene V. Determining what actually constitutes a new or alternative religion is a subject of constant debate. Questions arise as to a new faith's legitimacy, beliefs, methods of conversion, and other facets of a religious movement's viability and place in a given culture. How a religion gains recognition by the mainstream, which often labels such new movements as cults, is fraught with difficulty, tension, and fear. Here, experts delineate the boundaries and examine the various groups, beliefs, movements, and other issues related to new faiths and alternative beliefs. Readers will come away with a fuller understanding of the religious landscape in America today.

Volume 1: History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them. This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved.

Volume 2: Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths. Groups such as the Shakers, the People's Temple, the Branch Davidians, Jehovah's Witnesses, and others are examined.

Volume 3: Metaphysical, New Age, and Neopagan Movements looks at Shamanism, Spiritualism, Wicca, and Paganism among other movements as they have developed and grown in the U.S. These faiths have found new and devoted followers yet are often misunderstood.

Volume 4: Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions. From Baha'i to Soka Gakkai, from Adidam to the Vedanta Society, contributors look at a full range of groups practicing and worshipping in the U.S. today.

Volume 5: African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora, such as Rastafarianism, Santeria, and the Nation of Islam, alongside traditions that are truly American incarnations like Scientology, UFO religions, and Heaven's Gate. Some of the new and alternative religions covered in these pages include Shamanism, Wicca, Black Israelites, Santeria, Scientology, Elan Vital, Hare Krishna, Soka Gakkai, and many more.

Sociology--concepts, Issues, and Applications Thomas J. Sullivan,Kenrick S. Thompson,1984 *The Politics and Experience of Ritual Abuse* Sara Scott,2001

Sara Scott s book is a very powerful work not only in terms of the subject matter and the politics of intense violence and violation that it explores but also as a commentary on methodology and the nature of power She thus contributes to the empowerment of survivors and the breaking of closures on debate and intervention Professor Jeff Hearn University of Manchester author of *The Violences of Men* Through exemplary use of theory and research Scott s analysis of ritual abuse moves forward key debates within feminism therapy and social science more generally This eloquent book confirms established sociological wisdom that great insights are produced from skilful research into boundary cases Lois Bryson Emeritus Professor Research Institute for Gender and Health University of Newcastle Australia very carefully researched argued and presented It contains some very important if highly shocking and disturbing material which is handled in a highly sensitive way Professor Mary Maynard Department of Social Policy and Social Work University of York This book makes an important contribution to the existing literature and debate on ritual abuse as well as to the understanding of gendered violence and abuse more generally Marianne Hester Professor of Sociology and Social Policy University of Sunderland We live in an era characterised by contradictions not least in relation to the issue of ritual abuse which emerged as a social problem only to have its existence immediately challenged by a discourse of disbelief While many academics have ranked amongst the sceptics in this debate Sara Scott is a sociologist who takes her respondents seriously as well as acknowledging the interests and experiences which have shaped her own position *The Politics and Experience of Ritual Abuse* offers insight into why ritual abuse has become such a contested issue while enabling the reader to explore the meaning of ritual abuse through the accounts of those who claim direct experience Drawing on her research with adults who identified themselves as survivors the author argues that the wholesale dismissal of such accounts as false memories produced by a moral panic may be somewhat premature *The Politics and Experience of Ritual Abuse* has been written for anyone interested in the specific controversy over ritual abuse including students and researchers in criminology social work sociology and women s studies
