Managing and Marketing Tourist Destinations Metin Kozak, Seyhmus Baloglu, 2010-11-01

Destination marketing is more challenging than other goods and services The basis of competitive advantage shifts from tourism resources only destination marketing to a location based or city wide integrated management place marketing In this book tourism scholars Metin Kozak and Seyhmus Baloglu discuss and synthesize theories models techniques and principles for strategic marketing and management of tourist destinations and demonstrate ways in which to further develop the concept of destination competitiveness for application within these destinations The authors highlight the need for managing brand equity tourist experience and information systems as well as involving internal and external stakeholders in strategic planning and implementation This book offers practical information directly related to the tourism industry using the examples of real world cases to bridge marketing theory with practice With its international focus and applications for developing a competitive advantage in today's global marketplace this research will be indispensable to students and

scholars of tourism hospitality and leisure and recreation programs as well as practitioners within these industries

Successful Tourism Pran Nath Seth, 2006-12-01 Tourism is the world's second largest industry employing on an average one out of twenty adult men and women world wide and the ratio is one out of ten when it comes to the developed countries like USA. The growing ranks of international leisure travellers are being influenced by business travellers who are flooding into India as a result of economic liberalisation. It is thus imperative that our professional tourism corps be trained to meet these exacting requirements. Both in public and private sectors the increasing understanding of these needs is leading to the development of institutes training centres and academic programmes in tourism management. There is thus a great need for comprehensive professional literature. This two volume series volume tells readers all that they want to know about tourism its history networks and intricate operations. Volume Two discusses in detail how different tourism sectors operate and market themselves travel agencies tour operators hotels restaurants airlines as well as the impact of changing technology on their activities.
