Reference Catalogue of Current Literature, 1920 **The Unlearning of School Attendance: Ideas for Change** Carolyn Gentle-Genitty, Arya Ansari, Ineke Marshall, Michael Gottfried, 2024-04-10 This Research Topic on Unlearning Attendance champions a serious look at school attendance and absenteeism. It examines all forms of school attendance problems ranging from school refusal, truancy, school withdrawal to school avoidance and its correlates of criminal, socio-emotional, developmental, psychological, academic, fiscal, technological, and societal impact. The issue gives a synopsis of the known problems and challenges but also those exacerbated by the pandemic and ideas for improvement. *Hygiene*

Leading researchers and academicians from around the world and from various fields such as health, education, information, and technology, military, and manufacturing explore the theoretical and practical implications of many studies in this area. They present new concepts, models, and knowledge for practical applications that address challenges to well-being. The volume also considers the roles of several other influencing factors such as emotional intelligence, performance, productivity, and employee's health and happiness. The book's editors state that at this juncture of human and technological development, when artificial intelligence and automation are slowly taking over the world, holding on to the study of emotions, well-being, and resilience has become imperative as these influence sustainable performances and growth by individuals as well as organizations. **Suggested**
