Detective Story:

No Proof Lawrence L. Lynch, 1895 We Must Have Certainty J. Kenneth Van Dover, 2005 *We Must Have Certainty* surveys the development of the genre of the detective story from its origins in the mid nineteenth century to its current profile in the early twenty first century It locates a principal appeal of the genre in the nature of the world that the detective necessarily inhabits a world of more or less realistic violence and excitement and at the same time a world that always in the end makes sense It suggests that there is a significance to a popular narrative formula that requires that an initial world of suspicion and uncertainty be inevitably transformed by the detective into a world of clarity and order Though scholarship in the field is acknowledged the author's citations are most often from detective stories themselves The essays are written in an accessible style those who have read a few novels in the genre as well as those who have read many will find the book stimulating and provocative 7 to 12 A Detective Story Anna Katharine Green, 2022-07-15 In 7 to 12 the theft of a valuable diamond necklace is reported to the police Investigation reveals that the circumstances of the crime are not as they first appear as the dark secrets of a wealthy family come to light **The Cambridge Companion to Crime Fiction** Martin Priestman, 2003-11-06 This Companion covers British and American crime fiction from the eighteenth century to the end of the twentieth As well as discussing the detective fiction of writers like Arthur Conan Doyle Agatha Christie and Raymond Chandler it considers other kinds of fiction where crime plays a substantial part such as the thriller and spy fiction It also includes chapters on the treatment of crime in the eighteenth century literature French and Victorian fiction women and black detectives crime on film and TV police fiction and postmodernist uses of the detective form *My Best Detective Story.
