Handbook on Crime and Delinquency Prevention Elmer Hubert Johnson,1987-04-21 The Handbook clearly points out that although the literature on crime prevention is voluminous the social conditions that invoke criminality are resistant to social change The articles repeatedly demand a critical evaluation of prevention theories and programs and call for accountability within the crime prevention profession The collection will serve as a valuable resource for policymakers and practitioners as well as for academics The volume includes an excellent directory of crime delinquency prevention organizations and a supplementary bibliography Choice In recent years the idea of prevention as a means of controlling crime has gained unprecedented popularity Advocates of crime prevention frequently see its proactive nature to be superior to the reactive stance of typical law enforcement Yet major questions continue to arise about what prevention is how it can be carried out to whom it should be directed and where it can best be implemented Elmer E Johnson has drawn together a variety of perspectives in an effort to provide an integrated analysis of fundamental concepts relating to the preventive approach

ABF Working Paper ,1987 *The Judicial Process* Henry Julian Abraham,1986 Written by one of the nation s most astute observers of the court this classic text examines the theory practice and people behind the judicial process The new seventh edition brings the work completely up to date by examining important developments and structural changes in these three judicial systems up through the end of 1997 including judicial appointments during the Bush and Clinton administrations significant alterations in the structure and organization of the United States British French and other European courts with an emphasis on the ongoing changes in the judiciary of the United Kingdom and the collateral developments on the frontiers of judicial review procedures as well as the judicial role At once comparative expository analytical and evaluative this new edition of *The Judicial Process* illuminates even more vividly the judiciary s political legal and governmental roles examining closely that much debated but little understood line between judicial activism and judicial restraint **Aggression and War**

Jo Groebel,Robert A. Hinde,1989-03-23 Derived from a meeting of natural and social scientists this interdisciplinary book aims to summarize the main issues regarding the problem of human aggression as well as human beliefs about the subject This study brings together internationally known authorities and presents their recent contributions which range in complexity from the physiological to individual aggression group conflict and international war The study concludes with a multi level approach to the problems of aggression and war In nontechnical language suitable for general science readers the book provides a valuable framework for the development of ideas and new attitudes in a field rife with misconceptions
