Developing Key Concepts In English D:

Essential Concepts for Implementing the Sustainable Development Goals Frank Biermann, Thomas Hickmann, Yihyun Kang, Carole-Anne Sénit, Yixian Sun, 2025-07-24 This book provides a highly accessible and user friendly overview of the essential concepts and terms related to the current global endeavour to implement the Sustainable Development Goals With the first decade of the 15 year timespan of the 2030 Agenda now past the SDGs show limited progress and several goals are even regressing It is imperative that SDG implementation is accelerated until 2030 and beyond to foster transformations and set the world onto a sustainable and resilient path The book starts with a thematic introduction to contextualize the topic and set the stage for the individual entries It then follows an A Z format with over 100 entries which describe an important concept or term using practical examples to illustrate how it connects to the overall debate about sustainable development It offers swift introductions to key concepts and terms that are discussed and explained by scholarly and policy experts from around the world in a concise and user friendly way The guide is comprehensive in scope practically oriented and focused on political and societal processes to drive change on a larger scale With cross references to related terms in the entries this book will be a highly valuable resource for students and practitioners engaged with the SDGs and sustainable development more broadly

Sports Development Kevin Hylton, 2001 The contexts for sports development are rapidly expanding as are the diverse issues facing those involved In this book leading authorities in the discipline look at how those engaging in sports development must be in the business of devising better and more effective ways of promoting interest participation or performance in sport More importantly those working in sports development must look closely at who has this responsibility and at the processes and practices by which positive outcomes can be achieved The book covers the following areas Sports Policy Sports Practice Resources for Sports Development Developing Sport for All Inequality and Inclusion Community Sports Development Partnerships in Sport Sport and Health Resources for Sport Legal principles Working in Sports Development Sports Development Policy Process and Practice explores every level of policy from the influence of the European Union and Central Government to local authorities governing bodies and voluntary organisations Representing an invaluable resource for students researchers or those working in sports development this book considers all aspects of good practice It will be essential reading for anybody wanting to prove themselves effective in this area

Teacher Education for Global Englishes Language Teaching Denchai Prabjandee, 2024-12-12 This book presents a model of transformative empowering and critically oriented language teacher education to prepare English teachers to implement Global Englishes Language Teaching GELT GELT s importance to learners needs for communication in the globalized world means that it receives tremendous interest from language teacher educators worldwide underlining the risks posed by gaps in teachers knowledge of how to implement it This book fills in those gaps with accessible theoretical foundations and practical examples drawn from the successful work of the M Ed in Teaching English as a Global Language TEGL at Burapha University Thailand Through critically oriented

frameworks the TEGL program equips in service English teachers with a critical lens to examine their current practices challenge the sociocultural and educational backgrounds that teachers bring into teacher education and empower them in transforming their classroom practices to correspond with the GELT paradigm The book highlights how the global spread of English impacts language teacher education discusses the theoretical foundations underlying the design of teacher education for GELT addresses the knowledge base for preparing teachers to use GELT and examines the applications of teacher education for GELT It is vital reading for graduate students teacher educators and researchers in language teacher education and beyond

New Institutions for Socio-Economic Development Elena G. Popkova, Elena Zavyalova, 2021-06-08 The strategies and practical approaches for socio economic development are undergoing systemic changes under the influence of new developments in global economic systems and markets The most significant factors influencing such changes are connected to the start of the Fourth Industrial Revolution Industry 4 0 which is impacting all economic systems to a greater or lesser extent The creation of the digital economy and transition to Industry 4 0 particularly increases the significance of hi tech for socio economic development Secondly there is now a transition underway from a period of unlimited globalization and comprehensive integration to more limited globalization and selective economic integration The growing importance of regionalization on the global economic system is manifested in the formation and rapid development of new integration unions at the regional or country level e g the EU and the EAEU and company level e g regional sectoral economic clusters special economic areas technological parks and innovative networks Thirdly there s an urgent need for faster innovation which leads to the formation of more innovative economies The global financial crisis drew attention to the problems of managing sustainability and achieving balance in socio economic development The formation and exponential growth of the information society based on digital technologies is now stimulating the growth and significance of corporate social and environmental responsibility as a prerequisite for entrepreneurial success Thus the paradigm of socio economic development is changing from absolute rationality economic effectiveness and stability which has historically been associated with problems of stagnation to responsibility limited and socially oriented rationality and dynamism quick innovative development based on leading technologies This book aims to provide a scientific substantiation for this new paradigm
