Development Peter Kibet, 2020-05-31 This e book has been written to provide a current and practical approach to designing and developing a curriculum The book addresses the needs of curriculum developers by examining the curriculum process and how it can be applied Teachers and curriculum developers will appreciate the value of this book in helping them acquire valuable skills of curriculum design and development implementation and evaluation **Deciding What to Teach and Test** Fenwick W. English, 2010-06-07 Strong Praise for the Second Edition strong The strengths in this book are characteristic of all of English's works The language is easy to follow the text is set up in logical development by chapters and the focus of his work is constant He never strays from the topic or goes off on a tangent Most important his information is practical doable and sensible The book is easy for practitioners teachers administrators and those involved in the daily work of schools to adapt to their needs and make it work for them **Improving Standards-Based Learning** Judy F. Carr, Doug Harris, 2009-05-21 This is the best nuts and bolts guide for improving teaching and learning in our schools Carr and Harris have been successful in every school district they have consulted in Now we have access to their insight and experience in a book that is perfectly laid out with examples and worksheets to guide successful instructional improvement If you're serious about instructional leadership this is the one book you need on your desk Kenneth W Eastwood Superintendent Middletown City School District NY Use this tool kit to develop a high quality curriculum that impacts student learning Although schools and districts across the country have made notable strides in their instructional programs educators continue to struggle with developing curriculum that addresses each learner's needs and strengths is aligned to instruction and assessment supports standards based learning and results in increased student learning In this book the authors provide a curriculum and improvement process that not only shows school leaders how to design a strong coherent curriculum but also leads the reader through the critical processes of implementing and then evaluating that curriculum for instructional improvement This resource is packed with ready to use tools that can be tailored to meet site specific needs and includes examples from schools and districts proven strategies guidelines and worksheets graphics and vignettes that illustrate key points and questions that promote reflection The book addresses key issues including How is curriculum put together Who should be involved and what should be included How should we go about it and how long will it take What should be considered during implementation How is curriculum evaluated Whether you are experienced or just getting started **Improving Standards Based Learning** provides an accessible framework with numerous tools for developing a curriculum that can generate substantive improvement in teaching and learning **Deciding What to Teach and Test** Fenwick W. English, 1992-04-30 This comprehensive book explores the day to day problems school teachers and administrators encounter in the area of curriculum instruction and evaluation Developing curriculum is a political as well as an educational activity and practitioners should be aware of hidden political realities and value systems at work in their schools In this book the author proposes that there are three forms of curricula formal informal and hidden with manifestations of these forms in the written taught and

tested curricula English shows how these elements are brought together in developing curriculum *Developing an Online Curriculum* Lynnette R. Porter, 2004-01-01 *Developing an Online Educational Curriculum Techniques and Technologies* acts as a guidebook for teachers and administrators as they look for support with their online education programs It offers teaching suggestions for everything from course development to time management and community building The book is designed to provide information to help teachers work more effectively with online tools develop course materials for existing online courses work with the internet as a medium of education and complete daily activities such as evaluating assignments lecturing and communicating with students more easily Administrators are also given support in their efforts to recruit train and retain online teachers allocate resources for online education and evaluate online materials for promotion and tenure

Developing and Documenting the Curriculum David G. Armstrong, 1989 **Developing the Curriculum** Oliva, 1998-03-21 Developing Citizenship in the Curriculum Janet Edwards, Ken Fogelman, 2018-10-03 Originally published in 1993 Integrating cross curricular themes into the curriculum has emerged as a major challenge for all schools This book gives advice on how to deal with Citizenship in schools in terms of whole school development planning monitoring and evaluation Placing it in the context of other cross curricular themes and of core and foundation subjects in the National Curriculum this book is for headteachers other teachers involved in curriculum coordination school inspectors initial teacher trainers and INSET providers Developing Distributed Curriculum Leadership in Hong Kong Schools Edmond Law, 2017-04-07 The book aims to explore distributed leadership in developing curriculum innovations in schools with a target of bringing about theoretical underpinnings in the West with the empirical studies and practices in the East It examines theoretically the roots of the curriculum leadership studies and practically with the empirical data and case studies in Hong Kong which has been considered a melting pot of the Western concepts and innovations in a land of Eastern cultures The examination is framed within theoretical frameworks of activity theories discourse analysis and social network systems The findings will show the impact of the cultural traditions of Eastern countries in the mediation of the direction of the discourses in teacher meetings and the effectiveness of decision making in the processes of developing school based curriculum leadership The book is theoretically exploratory with practically examined practices for educational leaders like schools headers and department leaders as well as teachers who aim at asserting greater influence in the educational decision making processes Topics discussed in the book include Curriculum leadership functions and patterns of leadership distribution Engaging teachers in reflective practice tensions between ideological orientations and pragmatic considerations Models of distributed leadership focus development and future Initiating designing and enacting curriculum innovations procedures and processes This book will appeal to researchers interested in Curriculum Studies School leadership and comparative education Those who studies the theory of education and Asian education will also find this book valuable
