

# 12 Crucial Blogging Tips for Beginners

## 1 Know Your Audience

You need to know what your audience is looking for to determine what will catch their attention. Use social media to find topics gaining traction.

## 2 Use your Audience

Read comments, ask questions, and gather feedback from your loyal followers to learn what topics will be most useful or interesting to them.

## 3 Write About Your Interests

If your niche reflects your passion and experience, then your audience will be like-minded. Focus on your own interests and your followers will share in your enthusiasm.

## 4 Build An Email List

Even if you don't plan to sell anything, you can use your email list to promote your content directly, without risking it getting lost in the internet and social media shuffle.

## 5 Choose A Good Hosting Provider

Some important factors to consider are cost, space, reliability, transfer limit, and customer/technical support. This information is available when you check packages and plans.

## 6 Reward Loyalty

Don't become so caught up in growing your following that you forget to engage those you already have. Regular interaction tells them you care about their satisfaction.

## 7 Give Stuff Away

People love free stuff. Use your blog to give away free content, free advice, tips and tricks, or even free gifts to engage your audience and keep them coming back.

## 8 Stay Consistent

It's hard to keep subscribers if you post a dozen pieces one week, then disappear for a month. Post at least once a week to keep your subscribers engaged and interested.

## 9 Keep Your Unique Voice

There are millions of blogs. The personality you inject into your writing is what will separate you from the pack. Allow your personality and writing style to shine through.

## 10 Be Patient

Successful blogging takes time to offer a return. When you start your blog, plan on investing a lot of time and effort before you start to see a significant following.

## 11 Hook 'em With The Headline

You have a split second to catch someone's attention and get them to click. Be sure that your headlines are catchy, short, and make them want to read your blog post.

## 12 Provide Easy-to-Read Value

Be sure posts are thorough, but keep them from being unnecessarily lengthy and unfocused. Use images, call-to-action boxes, bold headings, and bullet points to break up the content.
