Book Review 1 A collection of intimate interviews with people regarding the personal familial cultural and geographic factors in their working lives Inspired by Studs Terkel's Working 1974 which profiled ordinary American workers editor Skees God Among the Shakers 1998 takes the concept global Six of her 16 subjects live in the United States including a slack key guitarist in Honolulu an architect in Cincinnati and a recruiter headhunter in Tampa Florida The rest are on other continents including a coffee farmer in Nicaragua a Masai warrior in Tanzania a married couple running an eco friendly factory in India a rickshaw puller in Bangladesh and a private equity manager in Hong Kong Skees organizes the material into five sections Entrepreneurship Industry and Transportation Farming Food and Animals Finance and Technology and Music an environmental activist in American coal country a banana farmer in Uganda a college admissions counselor in Rwanda and a fringe diplomat in Tel Aviv Few books dig so deeply into life as it's actually lived with such unsparing intimacy Prose Skees's own prose is sharp clear and purposeful but outside of introductions and some notes most of the book come straight from the mouths of her subjects through first person monologue Skees breaks the chapters up into short labeled sections This is helpful for skimmers but the shortness of the individual sections gives the chapters a stop and start feeling impeding narrative momentum Originality This isn't the first book to survey workers in their own words about work nor even the first one by Skees to do so but the author has selected a fresh fascinating cross section of people to reveal truths about the world and this current moment Execution The book offers insights wisdom challenges to orthodox thinking and some arresting first person storytelling It's both eye opening and a pleasure to learn about the day to day work of a Zambian mobile money agent and to discover how that work is vital to a population outside of the banking system That said the narrators' individual voices

sound somewhat similar to each other and the speakers too rarely offer up surprising or engaging anecdotes The emphasis here is strongly on the work itself and the sociopolitical context that created the opportunity for such work There s great value in capturing that but the book might prove more enticing for general audiences with a greater emphasis on voice and storytelling Booklife Publisher s Weekly [How to Work from Home and Make Good Money \(Remote Jobs Work from Home Guide\)](#) Ralf Percy,2020-04-08 Learn EXACTLY How I Landed My 50 hr Work From Home Dream Job And how ANYONE from ANYWHERE in the world can go remote Learn The exact job search strategy and secret hacks that had companies fighting over me Today only get this Amazon book for just 19 99 for a limited time Regularly priced at 49 99 50% Off the Regular Price Read this Carefully Give Me Five Days And I ll Give You The Secret of Landing A Work from Home Remote Job Degrees are DYING Remote Work is RISING In this step by step book This book will not only thoroughly go over all the skills people and steps involved in learning to land you work at home remote gig it will also look closely at Working a job that pushes you to your limits each day is tiring and frustrating Not only do you feel exhausted by the end of the day but there is a chance you feel unappreciated by your employer If you have ever considered working from home and becoming your own boss this is a reality that is closer than you can imagine Instead of wishing you could make it happen this guide is going to show you how to make it happen By learning how to use your computer as a tool you will find access to work that will provide a sustainable income In the workforce knowledge is power By learning about what industries are currently successful and utilizing the skills that you have you will find that there are countless opportunities for you to take right now Staying on top of the trends you are going to know exactly what to aim for and how to appeal to your customers Working from home has risen in popularity over the last few years and it is no surprise why If you are ready to regain your freedom and work a job that you love apply these techniques to your own life in order to get started on your work from home path Order your copy today Take action right away by purchasing this book How to Work from Home Real Ways to Make a Sustainable Income for a limited time discount of only 19 99 Hurry Up As with all my products on AMAZON There s an unconditional never any questions asked full 30 day money back in full guarantee Tags how to work from home part time how to work from home successfully how to work from home online and make money how to work from home and make money online How to Work from Home how to work from home and make money how to work from home effectively how to work from home online how to work from home and get paid how to work from home jobs how to work from home without investment how to work from home and make good money how to work from home with kids how to work from home full time how to work from home how to work from home how to work from home and make money how to work from home for google how to work from home with a baby how to work from home as a nurse how to work from home legitimately how to work from home as a travel agent how to work from home with no experience how to work from home medical billing and coding how to work from home for free how to work from home on your computer how to work from home online jobs how to work from home and make real money how
