*Technological Advancement* Alves, Anabela Carvalho,van Hattum-Janssen, Natascha,2021-12-17 Engineering education leads  
 the preparation of the next generation of engineers This is a difficult task as engineering practices rapidly evolve pressured  
 by the technological advancements promoted by these same engineers Engineering schools are integrated into large and  
 rigid higher education institutions HEI that are not known for their agility Nevertheless engineering educators must have the  
 agility to go beyond HEI boundaries to close the gap between professional practice needs and engineering education  
 Training Engineering Students for Modern Technological Advancement examines the role of engineering teachers in  
 preparing the next generation of engineers and presents perspectives on active learning methods for engineering education  
 As such it contributes to bypassing the compartmentalized way of course organization typical in many HEIs and prepares for
