Desolate Presence And Other Uncanny Stories:

The Desolate Presence, and Other Uncanny Stories Thomas Owen, 1984 **The Babel Guide to French Fiction in English Translation** Ray Keenoy, Laurence Laluyaux, Gareth Stanton, 1996 The Babel guide has 150 original reviews of books by over 100 authors from France Quebec North and West Africa Belgium and Switzerland Each review provides a kind of trailer for the work and is followed by an excerpt as a taster It introduces big names of French literature such as Sartre Camus Colette and Duras and a collection of less familiar writers such as Driss Chraïbi and Madeline Bourdouxhe It includes a database of French fiction translated in the UK since 1950 with original titles and current prices This is the third in a series of accessible and illustrated guides to world fiction available in English translation aimed at journalists academics teachers and the ordinary reader The reviews let potential readers have a idea as to whether a work might suit them Science Fiction and Fantasy Book Review Index , 1984 British Books in Print , 1985 The British National Bibliography Arthur James Wells, 1968 **Whitaker's Cumulative Book List** , 1984 Translated Memories Bettina Hofmann, Ursula Reuter, 2020-02-26 This volume engages with memory of the Holocaust as expressed in literature film and other media It focuses on the cultural memory of the second and third generations of Holocaust survivors while also taking into view those who were children during the Nazi period Language loss language acquisition and the multiple needs of translation are recurrent themes for all of the authors discussed By bringing together authors and scholars often both from different generations countries and languages and focusing on transgenerational and translational issues this book presents multiple perspectives on the subject of Holocaust memory its impact and its ongoing worldwide communication **The Ends of History** Amy Swiffen, Joshua Nichols, 2013 Over two decades ago we were confronted by the end of the Soviet Union and collapse of the geo political divisions that had defined much of the twentieth century From this particular end the end of history was proclaimed But is it still possible to argue that liberal democracy and free market capitalism are the final form of law and mode of production in human history Recent events have called this into question the Arab Spring the War on Terror global economic crises and looming ecological crises It seems that history is far from over Yet the idea of the end remains for example in the question of the future of the American empire the establishment of a new era of international law and the resurgence of religion as a dominant source of political identification This collection of essays explores the end in various contexts including art politics and the philosophy of time and existence In different ways all of the essays address emerging horizons of meaning and reality Sunday stories, ed. by H. Aspden Hartley Aspden, 1899 **The Supernatural in Modern English Fiction** Dorothy Scarborough, 2019-01-03 subject of the supernatural in modern English fiction has been found difficult to deal with because of its wealth of material While there has been no previous book on the topic and none related to it save Mr C E Whitmore s work on *The Supernatural in Tragedy* the mass of fiction itself introducing ghostly or psychic motifs is simply enormous It is manifestly impossible to discuss or even to mention all of it Even in my bibliography

which numbers over three thousand titles I have made no effort to list all the available examples of the type The bibliography which I at first intended to publish in connection with this volume is far too voluminous to be included here so will probably be brought out later by itself "*A Hideous Bit of Morbidity*" Jason Colavito,2012-04-23 Horror fiction stormed the bestseller lists with classics like Rosemary s Baby and The Exorcist setting the stage for Stephen King s worldwide popularity but the genre has literary roots going back centuries This collection provides insight into the way classic horror texts were received interpreted and discussed by the first generations to experience them ideas that continue to define the way modern society views horror Each reprinted article review or critical essay is prefaced with an introduction and explanatory notes to put the work in context The book also includes an overview of horror criticism a publication timeline and period photographs and illustrations **The Saturday Review of Politics, Literature, Science and Art** ,1894 **Frank Leslie's Illustrated Newspaper** John Albert Sleicher,1876 **North-East India: The Horizon Of Anthropology** K.C. Mahanta,2008 Articles on the life style culture and customs of tribals and non tribals communities of North East India **Current opinion** ,1916 **Forest and Stream** ,1896 **Fleet Street** John Davidson,1909 Current Opinion Edward Jewitt Wheeler, Frank Crane,1918 **New-York Observer** ,1909 **The Illustrated sporting & dramatic news** ,1877
