Destiny and the Dolphins Roy Meyers, 1971-01-01 **Destiny and the Dolphins** Roy Meyers, 1969 **A Dolphin Named Destiny** Vyana Reynolds, 2024-05-25 **The Woman in the Shaman's Body** Barbara Tedlock, Ph.D., 2009-09-02 A distinguished anthropologist who is also an initiated shaman reveals the long hidden female roots of the world's oldest form of religion and medicine. Here is a fascinating expedition into this ancient tradition from its prehistoric beginnings to the work of women shamans across the globe today. Shamanism was not only humankind's first spiritual and healing practice; it was originally the domain of women. This is the claim of Barbara Tedlock's provocative and myth-shattering book. Reinterpreting generations of scholarship, Tedlock herself an expert in dreamwork, divination and healing, explains how and why the role of women in shamanism was misinterpreted and suppressed and offers a dazzling array of evidence from prehistoric African rock art to modern Mongolian ceremonies for women's shamanic powers. Tedlock combines firsthand accounts of her own training among the Maya of Guatemala with the rich record of women warriors and hunters, spiritual guides and prophets from many cultures and times. Probing the practices that distinguish female shamanism from the much better known male traditions, she reveals the key role of body wisdom and women's eroticism in shamanic trance and ecstasy. The female forms of dream witnessing, vision questing and use of hallucinogenic drugs, Shamanic midwifery and the spiritual powers released in childbirth and monthly female cycles, Shamanic symbolism in weaving and other feminine arts, Gender shifting and male-female partnership in shamanic practice. Filled with illuminating stories and illustrations, *The Woman in the Shaman's Body* restores women to their essential place in the history of spirituality and celebrates their continuing role in the worldwide resurgence of shamanism today.

The Dolphin Who Was Searching for the Sea Jonathan Bentwich, 2002-01-15 **Nature & Science on the Pacific Coast**, 1915 **Dolphins and Porpoises** Louise Quayle, 1988 The dolphin is considered both a human ally and foe. This exciting book discusses the important role these mammals play in aquatic lifesaving and communication as well as their vulnerability in increasingly hostile waters. 100 photos and illustrations.

The Lure of the Dolphin Robin Brown, 1979 **Glimpses of Micronesia & the Western Pacific**, 1981 **Souls in the Sea** Scott Taylor, 2003-02-21 Dolphins have long been attributed with intelligence, but do they have souls? Self-awareness, Compassion. Scott Taylor, Director of the Cetacean Studies Institute, investigates the history, mythology and science surrounding these creatures and emerges with a resounding yes. And not only do whales and dolphins merit our attention and respect in their own right; they are an index to what our future as a species can be. In this multi-faceted cetology compendium, Taylor surveys the portrayal of dolphins and whales in works of literature as disparate as *Moby Dick* and Sumerian legend, examines biologist John Lilly's research on interspecies communication and explores the benefits of dolphin-assisted swimming therapy for disabled children and adults. Looking at the world from the perspective of one of these souls in the sea, Taylor suggests that cetaceans are an ideal bridge between humanity and nature. Poetically written and thoughtfully

illustrated with photos and drawings *Souls in the Sea* is a comprehensive celebration of the biology history and mystique of dolphins and whales

Deeper Water Len Varley, 2012-09-20 A passionate advocate for the protection and rights of whales and dolphins author Len Varley continues the story of the captive dolphins of Taiji Japan and the worlds marine parks in his sequel to *Salt Water Tears* Weaving recollections observations and eyewitness accounts together into a richly compelling tapestry he offers up a deeper understanding of the intimate profound and often dangerously complicated relationship shared between cetaceans and humans Varley tells us that the dolphins gift to us is reconnection both with ourselves and our environment He challenges us to step up to the mark as planetary guardians and to recognize that we do not possess a right of ownership over the creatures of our planet Saying their goodbyes on leaving Taiji Varley and his colleagues are presented with the gift of a hand drawn Japanese kanji character by a member of the Japanese Police Special Task Force It is the symbol for Life Soul and Spirit It is a simple yet powerful acknowledgement honouring the passion and commitment of those who stand in defence of the dolphins and it perfectly summarises the core sentiment of *Deeper Water*
