

The background of the cover is an abstract composition of vibrant, overlapping colors including red, orange, yellow, green, and blue. A large, stylized illustration of a key is positioned diagonally across the center, with its head pointing towards the bottom left and its shaft extending towards the top right. The key is rendered in a way that suggests depth and movement, with its head appearing to be in focus and the shaft receding into the background. The overall effect is one of dynamic energy and visual interest.

teachers in particular do to help students develop the knowledge skills and motivation to become engaged in civic life Building Literacy in Social Studies addresses this question by presenting both the underlying concepts and the research based techniques that teachers can use to engage students and build the skills they need to become successful readers critical thinkers and active citizens The authors provide targeted strategies including teaching models graphic organizers and step by step instructions for activities such as Building vocabulary Developing textbook literacy skills Interpreting primary and secondary sources Applying critical thinking skills to newspapers and magazines and Evaluating Internet sources Readers will also learn how to organize classrooms into models of democracy by creating learning communities that support literacy instruction distribute authority encourage cooperation and increase accountability among students Realistic scenarios depict a typical social studies teacher s experience before and after implementing the strategies in the classroom showing their potential to make a significant difference in how students respond to instruction By making literacy strategies a vital part of content area instruction teachers not only help students better understand their schoolwork but also open students eyes to the power that informed and engaged people have to change the world

Starting with Comprehension
Andie Cunningham, Ruth Shagoury, 2005 It is never too early to start comprehension instruction In fact reading begins with meaning making Andie Cunningham and Ruth Shagoury designed a reading program for five and six year olds based on this premise Most of the students in Andie s Portland Oregon kindergarten class have little or no alphabet knowledge when they enter the classroom in the fall English is a second or third language for many of the children in this low income neighborhood Through research based principles carefully structured routines and innovative activities even the youngest learners can develop comprehension skills from their first days in school The children in Starting with Comprehension are grappling with school culture for the first time and learning to work with classmates who speak a variety of different languages These emergent readers learn to present their understanding of what they read through writing talk movement and art Kindergartners and preschoolers are different from readers who know how to decode texts Andie and Ruth show how comprehension skills can be nurtured and strengthened even before decoding begins In this classroom meaning making becomes part of community building as children link reading thinking and communicating

Developing Comprehension Skills
