Developing Library And Information Center Collections Library Science Text Series

G. E. Gorman, Brian Richard Howes

Developing Library And Information Center Collections Library Science Text Series:

Developing Library and Information Center Collections G. Edward Evans, 1987 Collection Management Basics
G. Edward Evans, Margaret Zarnosky Saponaro, 2012-05-04 Now thoroughly revised for today's 21st century library environment this title provides a complete update of the classic *Developing Library and Information Center Collections* the standard text and authority on collection development for all types of libraries and library school students since 1979 The well established gold standard for teaching collection development this text provides current and thorough coverage to all of the processes and issues surrounding managing library collections This latest edition continues to cover all aspects of collection development and management including subjects such as needs assessment policies selection process theory and practice protection legal issues censorship and intellectual freedom The book represents a total restructuring of the previous work and reflects changes brought on by new technology and the up and down economy Students and practitioners alike will benefit greatly from this up to date and essential text **Developing Library Collections** G. Edward Evans, 1979

Resources in Education, 1997 *Assessing Academic Library Performance* Holt Zaugg, 2021-10-29 Selected as a 2025 Doody's Core Title Assessment is essential to describe a library's value and to inform decision making Using the four key assessment components of design data collection data analysis and dissemination *Assessing Academic Library Performance A Handbook* provides strategies and case studies for performing four different types of assessments Service assessments for the library's outward and inward facing services that either help library users or other library employees to help users These assessments focus on providing and improving how things are done to better serve others Resources assessments for the physical and virtual resources that the library has in its holdings or to which it provides access Resources are the reason libraries exist as they help patrons in instructional and research pursuits Space assessments for physical and online library spaces These assessments help ensure that spaces meet user needs Personnel relationship assessments look at how library employees interact with each other as library professionals While not for evaluation or advancement purposes these types of assessments provide information on what library employees can do to improve their relationships with one another Each section has information on conducting each aspect of libraries followed by three examples to illustrate how assessment is used to support descriptions of library value and to help library employees make decisions that are critical to library improvement *Collection Development for Libraries* G. E. Gorman, Brian Richard Howes, 1989 **Library and**

Information Center Management Robert D. Stuart, Barbara B. Moran, 1993 This internationally acclaimed text serves as the basic management text in programs of library information studies throughout the world It is also used as a ready reference for workshop discussions in all types of libraries information centers As with previous editions the authors present the principles of library information center management in a conceptual framework as it examines the dynamics of organizational missions goals policies programs people as well as in relation to external forces e.g. users funding authorities

that encourage change This current edition features expanded sections on the change process strategic planning management managing conflict through Total Quality Management TQM in a technology intense environment Charts diagrams appendixes of library policies procedures organograms other forms are included

Developing Library and Information Center Collections G. Edward Evans, Margaret Zarnosky Saponaro, 2005-09 Discusses various aspects of collection development including publishers censorship serials legal issues intellectual freedom resource sharing audiovisual materials and electronic materials

Resources in Education, 1996 Librarianship and Information Work Worldwide 1998 Maurice Bernard Line, Graham Mackenzie, Paul Sturges, 1997-12 Librarianship and Information Work Worldwide is an annual review of the year's most significant work in the field's literature Writing on all types of libraries the contributors emphasize events in Europe Australia Japan the U S and Canada although significant progress in other countries will also be covered Topics include library and information science in context national libraries academic public and special libraries collections rare books and special collections health services information research and consultancy staff management South Asia

Library and Information Science Annual Bohdan S. Wynar, 1988-06

Community, Collaboration, and Collections Ross Atkinson, Robert Alan, Bonnie MacEwan, 2005 Uses and abuses of cooperation in a digital age Toward a rationale for future event based information services Contingency and contradiction the place's of the library at the dawn of the new millennium A rationale for the redesign of scholarly information exchange Toward a redefinition of library services Managing traditional materials in an online environment some definitions and distinctions for a future collection management Library functions scholarly communication and the foundations of the digital library laying claim to the control zone Humanities scholarship and the research library Access ownership and the future of collection development The academic library collection in an online environment Crisis and opportunity reevaluating acquisitions budgeting in an age of transition The coming contest Networks hypertext and academic information services some longer range implications Mass deacidification in the context of access time reduction In defense of relativism The acquisitions librarian as change agent in the transition to the electronic library The conditions of collection development Text mutability and collection administration Preservation and collection development toward a political synthesis The role of abstraction in bibliography and collection development Old forms new forms the challenge of collection development Preparation for privation the year's work in collection management 1987 Selection for preservation a materialistic approach The language of the levels reflections on the communication of collection development policy The citation as intertext toward a theory of the selection process

American Reference Books Annual, 2001 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering

Managing Information Resources in Libraries Peter Robert Clayton, Peter Clayton, G. E. Gorman, 2001 This book fills the gap by presenting an overall view of the information resources that library clients are likely to require in the 21st century

The School Library Media Center

Emanuel T. Prostano, Joyce Prostano, 1999-02-15 With a focus on the successful management of the school library media center as a system the new edition of this authoritative work addresses and integrates the many trends and developments of the past decade It explores the impact of global forces and the school district on the development and operation of the media center and examines the library's programmatic activities within the context of its goals The book also addresses the nature quality and quantity of resources available to support programmatic endeavors personnel media technology facilities and funds Management skills are emphasized throughout the text **Introduction to Library Public Services** G. Edward Evans, Anthony J. Amodeo, Thomas L. Carter, 1999 This volume emphasizes the changes wrought by technology Chapters are arranged by type of service reference services and sources bibliographic instruction interlibrary loan circulation reserve services special collections serials media services and government documents *Library Management* Robert D. Stueart, Barbara B. Moran, 1987 **Introduction to Library Services** Barbara E. Chernik, 1992 Formerly titled Introduction to Library Service for Library Technicians this updated text aims to provide a comprehensive overview of the field from concepts governing libraries to types of libraries policies and procedures personnel materials and library services **The Collection Program in Schools** Phyllis Van Orden, Kay Bishop, Patricia Pawelak-Kort, 2001 Updated to cover the latest opportunities and complexities posed by new technologies this guide gives readers a comprehensive overview of the processes and procedures of developing maintaining and evaluating a collection at the building level After describing the environment within which the collection exists the authors present principles techniques and common practices of collection development They discuss the issues that affect all collections but must be resolved in accordance with the needs and goals of a particular collection suggesting approaches to handling a wide range of situations and demands Sources of support including documents agencies associations and Web sites are also identified In this edition Van Orden and Bishop cover copyright fair use issues and Internet acceptable use policies in greater detail They also address developing technologies such as e books web sites and virtual libraries in terms of their impact on information access resource sharing a The Collection Program in Schools Kay Bishop, 2007 This fourth edition of a best selling development resource provides an updated overview of processes and procedures associated with developing maintaining and evaluating a collection at the building level It offers principles techniques and common practices of collection development and management while weaving in new considerations New topics include licensing online resources such as subscription databases creating a collection development policy that meets curriculum standards circulating and promoting the collection using online selection and evaluation tools providing remote access to school library collections using virtual libraries to increase the collection and writing policy and procedures manuals This new edition provides an updated overview of the processes and procedures associated with developing maintaining and evaluating a collection at the building level New topics include licensing online resources such as subscription databases creating a collection development policy that meets curriculum

standards circulating and promoting the collection using online selection and evaluation tools providing remote access to school library collections using virtual libraries to increase the collection and writing policy and procedures manuals
