*A New Humanity* Luciano

Lombardi, 2023-02-15 Lombardi leads us into an interaction with the apostle's breathtaking vision. *A New Humanity* helps answer Paul's own prayer that the eyes of our hearts would be enlightened that we could know who we are in Jesus in his Father in the Holy Spirit together. Beautiful. C. Baxter Kruger, Author of *Across All Worlds* and the international bestseller *The Shack Revisited*. I welcome this valuable addition to the study of Ephesians and recommend it to individuals and groups who intend to live as masterpieces of His creation. David Wells, General Superintendent of the PAOC and Canadian Sports Chaplain, Olympic Pan Am and Commonwealth Games. Luciano provides some wonderful pastoral insights as a reminder that the Bible is still relevant in addressing today's most pressing questions. Domenic Ruso, PhD, Lead Pastor, 180 Church Laval, Quebec, and author of *Making Sense of the Church: An Introduction*. This book is a call for everyone to live out the humanity that God has given us through Jesus. This book is a must read for everyone looking for a sense of purpose and destiny in life.

Islam in the Age of

Globalization Asif Mohiuddin, 2024-11-29 Globalization has been a central theme in political, economic, cultural, and religious debates since the turn of the century. While some see it as a solution, others consider it the root of our problems. The intensification of cultural and military warfare and the West v the Rest mentality fuels a deep-seated ethnocentrism. Religion meanwhile faces scrutiny from various fundamentalisms and grand narratives. Many modern Muslim thinkers are skeptical of globalization, perceiving it as a homogenizing force that spreads Western culture and concentrates power among a few.

nations They argue that Islam promotes human oneness and provides an intellectual and spiritual framework for a more civilized and universal approach to globalization opposing the Western centric hegemonic tendencies The goal of this book is to demonstrate that Islam favors globalization in its original voluntary form as opposed to the violent imposition of the West on the East It will examine Muslim responses to globalization and their attempts to find global answers to local problems in their own local regional national and global contexts Several academic works have explored various aspects of globalization focusing on tensions and conflicts such as power politics religious authority and legislative issues However there is a notable absence of attention given to the Islamic perspective on globalization including both appreciation and critique This book addresses this gap by offering not only a Muslim critique of globalization but also a broader framework for understanding Islam s unique perspective on globalization Does globalization support the inclusivity that Islam advocates How does Islam fit into the globalization era What impact and influence may Muslims have on the future of globalization What unique prospects does globalization provide Muslims and the Islamic faith Is Islamic revivalism a reaction to globalization Alternatives to globalization could exist What kind of structure will the Islamic globalization paradigm have In addition to addressing these questions the book attempts to provide a theoretical framework for Islamic globalization which incorporates the shuratic practice and the vision of an international community extending beyond the Arabs and non Arabs This underscores the importance of historical contexts for contemporary actions and beliefs In the process the book attempts to extend the debate on Islam and globalization by mapping out the effects of globalization on various aspects of Muslim culture
