Development Cooperation Review 1996 Switzerland:

Policy Coherence in Development Co-operation Jacques Forster, Olav Schram Stokke, 2013-09-13 In the 1990s a shared conviction emerged among aid donors that their policies should be more coherent The drive towards increased policy coherence came as a response to a state of policy incoherence The shifting grounds of policy coherence in development co operation are outlined in this volume **The Domestic Politics of Foreign Aid** Erik Lundsgaarde, 2013 This book explains the choices that states make concerning the volume of development aid they provide and what types of priorities are supported with this assistance The core argument of the book is that aid choices are a product of domestic politics in donor countries which involve a variety of actors that differ in character across the donor community **Development**
