Expert Ai Video Generator Guide For Gen Z:

A History of Fake Things on the Internet Walter Scheirer, 2023-12-05 A Next Big Idea Club Must Read for December 2023
As all aspects of our social and informational lives increasingly migrate online the line between what is real and what is digitally fabricated grows ever thinner and that fake content has undeniable real world consequences A History of Fake Things on the Internet takes the long view of how advances in technology brought us to the point where faked texts images and video content are nearly indistinguishable from what is authentic or true Computer scientist Walter J Scheirer takes a deep dive into the origins of fake news conspiracy theories reports of the paranormal and other deviations from reality that have become part of mainstream culture from image manipulation in the nineteenth century darkroom to the literary stylings of large language models like ChatGPT Scheirer investigates the origins of Internet fakes from early hoaxes that traversed the globe via Bulletin Board Systems BBSs USENET and a new messaging technology called email to today's hyperrealistic AI generated Deepfakes An expert in machine learning and recognition Scheirer breaks down the technical advances that made new developments in digital deception possible and shares behind the screens details of early Internet era pranks that have become touchstones of hacker lore His story introduces us to the visionaries and mischief makers who first deployed digital fakery and continue to influence how digital manipulation works and doesn't today computer hackers digital artists media forensics specialists and AI researchers Ultimately Scheirer argues that problems associated with fake content are not intrinsic properties of the content itself but rather stem from human behavior demonstrating our capacity for both creativity and destruction

Leveraging Digital Marketing for Tourism José Duarte Santos, Bruno Barbosa Sousa, Paulo Botelho Pires, 2025-06-16 This edited volume invites readers to explore the convergence of tourism and digital marketing It navigates the intricate relationship between these two domains by elucidating the role of digital marketing across various facets of the tourism industry Each chapter offers a blend of theoretical foundations and practical insights delving into typologies of tourism specific segments of tourists and critical sectors essential to tourism's functionality Through neutral third person narration the volume presents a comprehensive examination showcasing how digital marketing strategies are applied within diverse tourism contexts Rich with examples illustrating theory in practice this work serves as an essential resource for scholars researchers and professionals seeking a deeper understanding of this evolving landscape
