Expert Chatgpt For Blogging For Dads In America:

Silicon Dominion David W. Rolston PhD, 2024-11-19 This book provides an expert's view of Artificial Intelligence AI and explains why many observers fear that intelligent machines could overwhelm humanity in the foreseeable future It describes how the key objective of some researchers is to use AI to become God and grant eternal life to a new race of superhumans that they hope to create by combining humans with intelligent machines The book begins by defining AI and describing how it works and then presenting both the benefits and risks associated with AI development past present and future It focuses on why Generative AI the form of AI that is currently emerging represents a unique point in the 50 year history of AI development and explains why it presents enormous potential benefits and enormous risks The last third of the book describes how future forms of AI may be focused specifically on attempting to crush Christianity and replace it with a new correct religion It also discusses how AI may be a sign of the coming of the End Times and describes how AI may be used as a tool of dark forces during that time Lastly it suggests how Christians should prepare for this challenging future **ITNG**
