Alexander Darius, 2025-10-30 You were told it was progress The smart toy that promised to teach

your toddler letters The educational app that could occupy them while you cooked dinner The chatbot that helped your teen with their homework You were sold a dream of easier parenting and smarter kids You were sold a lie While you were trying to do what's best for your family a silent and unregulated experiment was being run on your child In *The Stolen Childhood* investigative journalist Alexander Darius uncovers the unspoken truth that Silicon Valley doesn't want you to know the same AI systems marketed as helpful tools are functioning as sophisticated neurological traps systematically dismantling a generation's mental health critical thinking and capacity for human connection This is not another book about too much screen time This is an exposé on a hidden epidemic of developmental sabotage revealing how Friendly AI chatbots have become suicide coaches for lonely teens leading to tragic preventable deaths The school issued laptop your child brings home is likely a 24/7 surveillance device assigning them a secret risk score you'll never see The toys in your own living room are spying on your child harvesting their voice and emotions to build a psychological profile that can be sold AI nudify apps are fueling a schoolyard sexual abuse crisis with teen boys creating deepfake images of their female classmates and your daughter's school photos are all they need You may feel you've sold your child out to the convenience of technology but you couldn't have known the game was rigged Drawing on leaked internal documents gut wrenching stories from parents on the front lines and startling new brain science this book provides what no other has a battle tested chapter by chapter action plan to fight back You're about to discover the one conversation you must have with your son about financial sextortion the specific apps to delete from your daughter's phone tonight and the legal rights you have that can force these companies to change The parent rebellion has begun The choice is yours will you stay on the sidelines afraid of what you might discover or will you join the fight to reclaim your child's future before it's too late This is the one book you can't afford to miss **Teach**

Like a Human David J. Mulder, 2025-09-18 Are the machines taking over Artificial intelligence suddenly seems to be everywhere including in the world of education With new AI powered tools popping up every day it's no wonder that educators might feel overwhelmed How can we navigate the strange new world of AI without losing our humanity or our sense of humor Blending thoughtful theology practical wisdom and a deep love for teaching this book invites educators to reflect on big questions What does it mean to be a real human in an age of artificial intelligence What tools should we adopt and which ones should we avoid and how can we decide How do we stay grounded in the gospel story while adapting to emerging technologies Rather than offering easy answers or alarmist warnings let's consider an approach that is curious and courageous developing a hopeful vision for education that forms both minds and hearts Standing on the truth of Scripture and keeping a finger on the tech pulse this book helps Christian educators practice thinking faithfully acting ethically and teaching joyfully even when algorithms are everywhere Teaching Christianly with technology isn't about keeping up with the latest tools and trends it's about being the humans God created us to be **AI for Everyday IT** Chrissy LeMaire, Brandon Abshire, 2025-06-24 Automate and accelerate your everyday IT tasks with instant solutions What if you never had to write
