Transforming Academic Libraries Rajesh Singh, Shiva Kanaujia Sukula, 2025-07-25 The book comprises the proceedings of the International Conference on Academic Libraries ICAL 2023 in the context of developing a vision for the next generation of libraries which will contribute to nation building and give a competitive edge to the country in becoming a knowledge economy The book provides a quality reading and exchange of ideas to all stakeholders to deliberate dwell and brainstorm upon the diverse and enormous role that academic libraries may play in enhancing the higher education landscape in developed and developing countries with particular reference to India by 2030 The book includes literature and opportunities to identify the strengths and gaps in the academic library system and to suggest new management models mechanisms policies and national and international programs for reshaping academic libraries into next generation libraries for higher education

Focus Planner Zuri Deepwater, AI, 2025-03-04 Focus Planner offers a comprehensive guide to enhancing productivity and well being by mastering focus in a distracting world It emphasizes aligning daily tasks with long term goals helping readers prioritize effectively and achieve meaningful results The book uniquely integrates strategies from psychology neuroscience and organizational behavior to provide a holistic system for cultivating a lifestyle of focus and productivity It challenges the conventional notion of busyness by advocating for deep work and attention management to minimize interruptions and maximize effectiveness The book progresses logically beginning with core principles and then delving into practical strategies for task management including prioritization frameworks and time blocking techniques A dedicated section addresses distraction control offering techniques for minimizing digital interruptions and creating conducive environments for deep work Case studies and data driven insights support the recommendations ensuring readers can apply strategies to real world situations The book adopts a conversational and informative tone making complex concepts accessible through examples and actionable exercises Ultimately Focus Planner aims to equip readers with a personalized planning system for goal setting progress tracking and continuous improvement fostering a more structured and fulfilling life

Momentum Planner Sophia Carlson, AI, 2025-03-04 Momentum Planner presents a novel approach to time management focusing on building sustained motivation and consistent action rather than just scheduling events It introduces a calendar system designed to fuel ambition emphasizing strategic planning consistent action and feedback loops The book argues that typical calendars often fail because they don't foster the daily habits needed for progress Did you know that people are more likely to achieve their goals when they break them into smaller manageable tasks Or that regular reviews and adjustments can significantly improve alignment with long term objectives The book guides readers through creating a personalized momentum building calendar Chapters explore goal setting methodologies like SMART goals and OKRs habit formation techniques and progress tracking strategies By integrating these elements the book aims to create a cohesive planning system that aligns with individual needs and aspirations What sets this book apart is its focus on building momentum moving

beyond simple scheduling to create a dynamic system that adapts to evolving needs and keeps users motivated The Momentum Planner draws upon research in behavioral psychology and management science to support its arguments It begins with core concepts and systematically builds toward a comprehensive planning system incorporating practical applications and actionable exercises to empower readers to take control of their time and achieve their goals Ultimately the book provides a practical framework to build momentum toward long term success
