GET YOUR COPY TODAY. **American Cinematographer**, 1988 *New York Magazine*, 1995-01-30 *New York Magazine* was born in 1968 after a run as an insert of the *New York Herald Tribune* and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. Effective Serious Games Development Philipp Busch, 2025-06-16 This book showcases the entire lifecycle of a serious games project and guides the reader through different phases step by step. It follows a narrative approach, telling the story of a young game developer in a fictitious near-future setting who overcomes the challenges of a typical development process. The narrative is enriched by 15 short contributions from multinational experts on relevant topics for the development process of serious games. This book describes a holistic approach to serious games development and follows a project from its very beginning to its end. It covers planning, creation, implementation, and evaluation of a serious game. It does not cover technical details on

how to write code or graphics for video games but rather focuses on the conceptualization of serious games and coordination between different roles and team members This book will be of great interest to beginners who want to use serious games to solve their problems It will appeal to students of game development and also project managers who want to gain a better overview of the process as a whole and learn about tools and frameworks they can apply in their own context right away
