How to Start a Podcast for Beginners Maxwell Rotheray, Do you want to start a podcast Great Podcasting is a great way to grow your audience and increase sales Many content creators do this and come back testifying There are quite some steps for starting a podcast and you can roll in the mud if you're not guided Gladly this guide will lead you through the simplest way Podcasting should not be that hard Read on to learn Podcasting allows you to repurpose and make the most out of your high performing content It gives you enough time to know your audience well You can start a successful podcast even without having a blog or being an established content creator You can build a new target audience for your brand audience from scratch and with ease when you own a podcast It even helps you create a deeper bond with your audience It helps you build credibility and authority in your niche This is because podcasting presents you as an expert in the industry thereby giving you authority The popularity of podcasts is growing widely because it is easier to consume podcasts than written documents Even while people are in a gym driving in their cars or at work they can listen to a podcast There is a high tendency for people to buy your product or purchase the

services after you've advertised it on the podcast. This book contains powerful and proven strategies to make the best of podcasting to build profit in your business and to also establish an online presence. **Podcasting For Dummies** Tee Morris, Evo Terra, 2005-11-07. Podcasting is like blogging out loud. It gives you a voice, one that can be heard worldwide on computers, iPods, or other MP3 players. You can podcast to boost your business, promote your passion, share your opinions, or just have fun. The point is to say what you want to say to those who want to hear it. With step-by-step explanations, screen shots, and tons of examples, this guide clues you in on recording, producing, and hosting your very own podcast with info on finding your voice and your niche, whether you want to talk tech, make your own kinds of music, educate listeners, make people laugh, do soundseeing tours, serialize your novel, or invent a new podcasting genre. Getting the bare necessities if you don't already have them, including a microphone, recording software, and an audio card. Audio editing software such as Audacity, Cakewalk for PCs, GarageBand for musicality, and Audio Hijack Pro for Macs. Recording, including understanding dB, decibel levels, capturing or minimizing ambient noise, and more. Editing with GarageBand or Audacity, adding bed music, and including intros and outros for a signature finishing touch. You want your podcast to be heard. **Podcasting For Dummies** helps you launch and promote it with info on how to downsize your audio files with MP3 compression, change bit rates and sample rates in Audacity and iTunes, create and edit your ID3 tags in Audacity or iTunes, post your show notes using Movable Type or Libsyn, simplify the RSS 2.0 feed by using blogging software or a podcast hosting company such as Audioblog.com, Podcastomatic, and Feeder. Ping for publicity. Communicate with your listeners on your blog through online discussion groups such as Yahoo Groups or Google Groups, or on online forums. Of course, if you want to be a podcatcher, a listener, and subscribe to podcasts, this guide shows you how to do that, too. Complete with a companion podcast, a free weekly audio commentary that will keep you up to speed on the podosphere, this guide helps you get your message heard loud and clear.
