Dogmatics In Outline:

Dogmatics in Outline Karl Barth, 1959-09-02 Barth stands before us as the greatest theologian of the twentieth century yet the massive corpus of work which he left behind the multi volume Church Dogmatics can seem daunting and formidable to readers today Fortunately his Dogmatics in Outline first published in English in 1949 contains in brilliantly concentrated form even in shorthand the essential tenets of his thinking Built around the assertions made in the Apostles Creed the book consists of a series of reflections on the foundation stones of Christian doctrine Because Dogmatics in Outline derives from very particular circumstances namely the lectures Barth gave in war shattered Germany in 1946 it has an urgency and a compassion which lend the text a powerful simplicity Despite its brevity the book makes a tremendous impact which in this new edition will now be felt by a fresh generation of readers

A. Gerrish, 2015-08-24 At the beginning of Christian Faith B A Gerrish reminds us

that dogmatics involves critical transmission of the Christian heritage The dogmatic theologian must interpret and assess the traditional beliefs of the church while also considering the new and changing conditions in which that tradition is being embodied With that Gerrish goes on to outline the various presuppositions and affirmations of the Christian faith before ultimately offering a powerful and compelling restatement of Christian faith for the twenty first century As part of his framework Gerrish includes a critical comparison of Calvin s Institutes of the Christian Religion and Schleiermacher s Christian Faith while still paying close attention to the great cloud of theological witnesses from across the spectrum of Christian traditions Gerrish s book provides a robust and penetrating revisioning of Christian theology one that is thoroughly grounded in the classical traditions of the church **Dogmatics in Outline; &ctr. by G. Dogmatics in outline, with a new foreword by the author Karl Barth, *Outline of Christian Doctrine* Wilfried Harle, 2015-04-14 In this book Wilfried Hrle so distills Protestant Christian teaching as to bring fresh insight both to new students and to experienced readers of systematic theology Outline of Christian Doctrine however is not merely a translation of Hrle s classic German text Nicholas Sagovsky has also entirely adapted the original work to the needs and resources of

Outline of Systematic Theology Elias Henry Johnson,1891 **Karl Barth's Theology as a Resource for a Christian Theology of Religions** Sven Ensminger,2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions For this purpose it examines Barth's theology under the doctrinal aspects of revelation revelation and religion theological anthropology and election addressing questions such as the possibility of and context for revelation Barth's understanding of religion the theological approach to the human being and soteriology Furthermore Barth's thought is put into conversation with other approaches in the field of theology of religions notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own Outline Studies in Church History Henry Elias Dosker,1913 Biblical Dogmatics Milton Spenser Terry,1907 **Dogmatik Im Grundriss. Dogmatics in Outline. Translated by G.T. Thomson. Lectures. Based on the Apostles' Creed.** Karl Barth,George Thomas THOMSON,1949 **Christ in Perspective** John Thompson,1978 Karl Barth is the foremost theologian of the twentieth century some would say since Thomas Aquinas Our understanding of Jesus our Christology is crucial to Christian faith It is the touchstone by which everything else stands or falls and it is at the centre of the present day theological debate In this study Professor Thompson brings the two together He seeks to understand Barth on Christ In his words to let Barth be heard on a central indeed the central theme of his theology It is the first comprehensive treatment of its kind and one which proves to be very relevant for our discussions about Jesus today **Theological Outlines ...** Francis Joseph Hall,1905 **Theological Encyclopaedia and Methodology** George Richard Crooks,John Fletcher Hurst,Karl Rudolf Hagenbach,1894 **Dominican Studies** ,1950
