Donelson,Alleen Pace Nilsen,1997 With 140 fewer pages than the fourth edition the fifth obviously has been tightened it's partly in the format with narrower margins and less white space Otherwise some text has been rephrased or rearranged and topics for example adolescent psychology given shorter shrift Coverage of Holocaust literature has been expanded and discussion of problem novels improved Sports books have been dumped in with humor movies and other stuff including humorous poetry which it seems the authors feel is the only kind teens read for pleasure other types of poetry as well as short stories and drama are relegated to the English classroom coverage of which has been enlarged The chapter on sf and fantasy is good on historical aspects but weak on today's writers A short list of Internet listserves and Web sites has been incorporated as part of using YA literature in the library Once again updating of appendixes seems spotty Nevertheless this is useful as a resource for youth librarians and a tool for teaching YA literature Sally Estes **Teaching Young Adult Literature** Jean E. Brown,Elaine C. Stephens,1995 This guide to the methods and techniques of teaching adolescent literature provides a practical orientation and teaching tools that effectively supplement the literature that instructors will use in the course A small sampling of adolescent literature is also included *More Creative Connections* Mary Lou Olsen,1993 Bring the riches of high quality literature into the upper elementary classroom with delightful activities that span the curriculum and center on such stimulating themes as storytelling great books research technology American history conflict and fantasy Organized by grade level this book provides everything you need to fully integrate literature into the

curriculum from bibliographic information suggested grade level student objectives and a synopsis of the story to model lessons and suggestions for integration into other areas With numerous selections from countries around the world this volume is also a perfect resource for multicultural studies Grades 4 6 *Beyond the Window* Harcourt School Publishers Staff, Roger C.
