Doing Development In Arkansas Using Credit To Create Opportunity For Entrepreneurs Outside The Mainstream:

Doing Development in Arkansas Richard Taub,2004-07-01 This is the story of the Southern Development Bancorporation an organization established in 1988 with headquarters in Arkadelphia Arkansas for the purpose of stimulating economic and community development in South Arkansas Richard P Taub chronicles this experiment in development banking established by Bill Clinton when he was governor Based somewhat on the model of Shorebank Corporation a Chicago bank holding corporation that had achieved national recognition through its development efforts in the South Shore community Southern was established with the assistance of the state s leading foundation as a holding company with a set of subsidiaries designed to provide crucial credit opportunities and technical assistance missing from southern Arkansas Doing Development in Arkansas is a history of that program as its creators tried to find their footing in new terrain establish trust work with borrowers despite legal pitfalls in doing so and attempted to create new loan and technical assistance products It is the story of the towns themselves in which Southern tried to have a substantial impact including Arkadelphia Hope Malvern Hot Springs and Pine Bluff Southern was an experiment and many of its achievements were the results in some cases of trying new ideas and in others of transporting programs successful in one setting to new locations The most dramatic example of such a move is the development of the Good Faith Fund in Pine Bluff based on a model of the Grameen Bank in Bangladesh

Left Behind Lily Geismer,2022-03-01 The 40 year history of how Democrats chose political opportunity over addressing inequality and how the poor have paid the price For decades the Republican Party has been known as the party of the rich arguing for business friendly policies like deregulation and tax cuts But this incisive political history shows that the current inequality crisis was also enabled by a Democratic Party that catered to the affluent The result is one of the great missed opportunities in political history a moment when we had the chance to change the lives of future generations and were too short sighted to take it Historian Lily Geismer recounts how the Clinton era Democratic Party sought to curb poverty through economic growth and individual responsibility rather than asking the rich to make any sacrifices Fueled by an ethos of doing well by doing good microfinance charter schools and privately funded housing developments grew trendy Though politically expedient and sometimes profitable in the short term these programs fundamentally weakened the safety net for the poor This piercingly intelligent book shows how bygone policy decisions have left us with skyrocketing income inequality and poverty in America and widened fractures within the Democratic Party that persist to this day

[Big House on the Prairie](#) John M. Eason,2017-03-06 For the past fifty years America has been extraordinarily busy building prisons Since 1970 we have tripled the total number of facilities adding more than 1 200 new prisons to the landscape This building boom has taken place across the country but is largely concentrated in

rural southern towns In 2007 John M Eason moved his family to Forrest City Arkansas in search of answers to key questions about this trend Why is America building so many prisons Why now And why in rural areas Eason quickly learned that rural demand for prisons is complicated Towns like Forrest City choose to build prisons not simply in hopes of landing jobs or economic wellbeing but also to protect and improve their reputations For some rural leaders fostering a prison in their town is a means of achieving order in a rapidly changing world Taking us into the decision making meetings and tracking the impact of prisons on economic development poverty and race Eason demonstrates how groups of elite whites and black leaders share power Situating prisons within dynamic shifts that rural economies are undergoing and showing how racially diverse communities lobby for prison construction Big House on the Prairie is a remarkable glimpse into the ways a prison economy takes shape and operates
