

Doing Qualitative Research

A Practical Handbook

A gem of a book!
This is the perfect
primer for novice
qualitative researchers.
I plan to recommend
it to all my students.

*Jay Gubrium,
University of Florida*

David Silverman

Doing Qualitative Research A Practical Handbook

Benjamin F. Crabtree, William L. Miller

Doing Qualitative Research A Practical Handbook:

Doing Qualitative Research David Silverman, 2013-04-22 In the fourth edition of his best selling textbook David Silverman provides a step by step guide to planning and conducting qualitative research Using real examples from real postgraduate students the book makes it easy to link theory to methods and shows how to move from understanding the principles of qualitative research to doing it yourself The new edition has been fully updated and now includes a brand new chapter on formulating a research question appropriate for qualitative research an expanded discussion of the role of theory in research extended discussion of case study research and the number of cases needed for effective qualitative research further coverage of focus groups and analysing internet data new student examples from around the world a new section on the common pitfalls encountered in qualitative research an expanded companion website with more student examples and videos Filled with exercises to test your understanding and develop your skills as well as David s own tips for research success based on years of experience this book is essential reading for anyone doing qualitative research Available with Perusall an eBook that makes it easier to prepare for class Perusall is an award winning eBook platform featuring social annotation tools that allow students and instructors to collaboratively mark up and discuss their SAGE textbook Backed by research and supported by technological innovations developed at Harvard University this process of learning through collaborative annotation keeps your students engaged and makes teaching easier and more effective Learn more

expensive specialised software packages this guide will be an invaluable companion for anyone embarking on their own research project Doing Qualitative Research Online Janet E. Salmons, 2021-12-01 New to online research This book will give you the foundation you need to confidently design and conduct a project using internet methods First providing an overview of online qualitative research it then provides how to guidance for studying the ways we use diverse technologies to communicate with words and images It covers a well established methods from document research to online interviews as well as introducing new turns in qualitative research such as big data This second edition Equips you with the skills to make good decisions about methodologies methods and technologies at every stage of your project Dedicates three chapters to being an ethical online researcher covering vital aspects such as respecting partners in research and researcher positionality Includes over 30 Research Cameo examples showing you how to put theory into practice Written by a scholar practitioner in e learning and online academia with 20 years experience this book will help students and researchers across the social sciences looking to do qualitative research online Accompanied by online resources including templates exercises and further reading this book will develop your digital literacy and enable you to take advantage of the possibilities of Internet research

Doing Qualitative Research Benjamin F. Crabtree, William L. Miller, 1999-08-24 Popular in its first edition for its clear delineation of the issues and the way it prepared readers for Doing Qualitative Research particularly in health settings this new second edition will show readers new ways of knowing how to ask questions at multiple system levels from global to family to the cell and the incursive interaction between these levels and ways to expand existing research approaches New to this edition is more on various collection methods as well as more detail on the interpretive process Chapters are written by a gifted researchers many of whom are also clinicians who define their topic reveal themselves and the context of their discussion define the key themes and processes provide interesting descriptive examples explore theory recognize the importance of culture and share their excitement of discovery Organized to follow the structure of the qualitative research process the book begins with an overview of how to decide what methods to use based on aims objectives questions and paradigms of knowing New sampling issues and options are highlighted followed by comprehensive coverage of such topics as participant observation key information interviewing depth interviews focus groups the interpretive process detailed descriptions of actual analyses using different analysis organizing styles and the use of computer software for qualitative data management that includes a detailed demonstration of two particular programs NUD IST and FolioViews The last sections of the book covers specific qualitative designs that are relevant to primary care research a summary of our present understandings concerning standards in qualitative research and the role of qualitative research in the future of primary care research *Qualitative Research Practice* Jane Ritchie, Jane Lewis, Carol McNaughton Nicholls, Rachel Ormston, 2013-11-19 Why use qualitative methods What kinds of questions can qualitative methods help you answer How do you actually do rigorous and reflective qualitative research in the real world Written by a team of leading researchers associated with

NatCen Social Research the National Centre for Social Research this textbook leads students and researchers through the entire process of qualitative research from beginning to end moving through design sampling data collection analysis and reporting In this fully revised second edition you will find A practical account of how to carry out qualitative research which recognises a range of current approaches and applications A brand new chapter on ethics A brand new chapter on observational research Updated advice on using software when analysing your qualitative data New case studies which illustrate issues you may encounter and how problems have been tackled by other researchers This book is an ideal guide for students practitioners and researchers faced with the challenges of doing qualitative research in both applied and academic settings in messy real life contexts *Doing Qualitative Research* Benjamin F. Crabtree, William L. Miller, 2023 The long awaited third edition of *Doing Qualitative Research* by Benjamin F Crabtree and William L Miller is out Co create your own inspired research stories with this reader friendly book on qualitative methods design and analysis With an abundance of clinical research examples discussion questions and concise descriptions of qualitative methods this text encourages researchers to learn by doing and actively experiment with the tools and concepts presented throughout the book **Bergin and Garfield's Handbook of Psychotherapy and Behavior Change** Michael Barkham, Wolfgang Lutz, Louis G. Castonguay, 2021-10-05 Celebrating the 50th anniversary of a best selling and renowned reference in psychotherapy research and practice Now celebrating its 50th anniversary and in its seventh edition Bergin and Garfield s Handbook of Psychotherapy and Behavior Change maintains its position as the essential reference volume for psychotherapy research This bestselling reference remains the most important overview of research findings in psychotherapy It is a rigorous and evidence based text for academics researchers practitioners and students In recognition of the 50th anniversary this edition contains a Foreword by Allen Bergin while the Handbook covers the following main themes historical and methodological issues measuring and evidencing change in efficacy and practice based research therapeutic ingredients therapeutic approaches and formats increasing precision and scale of delivery and future directions in the field of psychotherapy research Chapters have either been completely rewritten and updated or comprise new topics by contributors including Characteristics of effective therapists Mindfulness and acceptance based therapies Personalized treatment approaches The internet as a medium for treatment delivery Models of therapy and how to scale up treatment delivery to address unmet needs The newest edition of this renowned Handbook offers state of the art updates to the key areas in psychotherapy research and practice today Over 60 authors experts in their fields from over 10 countries have contributed to this anniversary edition providing in depth measured and insightful summaries of the current field **Doing Qualitative Desk-Based Research** Barbara Bassot, 2022-02-22 Using two key visual pedagogical tools this book shows you how to produce vibrant and stimulating in depth qualitative research that draws on data readily available via the internet Concise practical and jam packed with valuable tips **Qualitative Research Practice** Clive Seale, David Silverman, Jaber F

Gubrium, Giampietro Gobo, 2006-11-15 This book is jam packed with a wide range of material related to qualitative research. This is a quality text and has much to offer the reader especially the novice researcher. Nurse Researcher This comprehensive collection of almost 40 chapters each written by a leading expert in the field is the essential reference for anyone undertaking or studying qualitative research. It covers a diversity of methods and a variety of perspectives and is a very practical and informative guide for newcomers and experienced researchers alike. John Scott University of Essex The best ways in which to understand the issues and processes informing qualitative research is to learn from the accounts of its leading practitioners. Here they come together in what is a distinctive and wide ranging collection that will appeal to postgraduates and social researchers in general. Tim May University of Salford This excellent guide engages in a dialogue with a wide range of expert qualitative researchers each of whom considers their own practice in an illuminating and challenging way. Overall the book constitutes an authoritative survey of current methods of qualitative research data collection and analysis. Nigel Gilbert University of Surrey This concise paperback edition of the best selling handbook *Qualitative Research Practice* is particularly aimed at the student reader. The chapters are written by leading internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others past and present from whom they have learned. It demonstrates the benefits of using particular methods from the viewpoint of real life experience. This is also a good philosophy for students to adopt in planning research work to begin from a practical conception of the research process and to treat a book like this as an opportunity to learn a valuable craft. From the outside good research seems to be produced through practitioners learning and following standard theoretical empirical and procedural formats. But from the inside we learn that qualitative research like other forms of scientific endeavour is also a biographical engagement rendering its scholarly and practical contributions in its own terms. Standards take on practical meaning as the distinct activities of qualitative research resonate throughout the enterprise complicating its accountability to itself and to others. In an authoritative yet accessible manner *Qualitative Research Practice* reveals the special features of this engagement teaching us that qualitative research is as much a craft and practice as it is a way of knowing. Presenting a comprehensive examination of contemporary and traditional varieties of qualitative research practice *Qualitative Research Practice* will be an invaluable resource for advanced students and researchers in any discipline. It is an essential and definitive guide to the major forms of qualitative methods in use today written by leaders in the relevant fields of research practice.

Doing Qualitative Research Wolff-Michael Roth, 2005 Roth takes readers on a journey of issues in designing actual studies of knowing and learning in the classroom exploring actual data and putting readers face to face with problems that they have possibly encountered and what they could have done. Education

Qualitative Research David Silverman, 2004-05-25 Common themes in this volume include the centrality of the relationship between analytic perspectives and methodological issues links between social science traditions and the need to expand the paradigm of qualitative

research

A Beginner's Guide to Doing Qualitative Research in Mass Communication John J. Pauly, 1991
