A doll's house is a miniature representation of its place and time, and this fascinating account of dolls' houses and miniature furnishings covers four centuries and many countries: Holland, Germany, France, England, the United States. Additional information on examples of Scandinavian, Italian, Swiss, and Japanese houses is provided. World famous dolls' houses described at length include Queen Mary's doll house, complete in every detail down to miniature bottles of real champagne in the wine cellar; Colleen Moore's spectacular castle with its diamond chandelier and gold monogrammed forks and knives; Titania's Palace, which has been called a museum in little of Italian art; the Stettheimer doll house with its unique art gallery of miniature originals by famous modern artists.
