Dolphins Extra Terrestrials Angels:

The Deta Factor Timothy Wyllie, 1984 Dolphins, ETs & Angels Timothy Wyllie, 1993-03 Wyllie begins by interacting telepathically with dolphin intelligence a perennial metaphor for the Wisdom of the Heart and is lead to similar spiritual liaisons with extraterrestrials angels and others **Dolphins, Extra-Terrestrials, and Angels** Timothy Wyllie, 1988-09

Confessions of a Rebel Angel Timothy Wyllie, 2012-09-28 A rebel angel s observations from her half million years on Earth and her perspective on the spiritual journey of her human charge Explains the hidden motivations behind Lucifer s angelic rebellion 203 000 years ago and watcher Georgia s participation in it Explores the benevolent intentions of the Multiverse both in quarantining our planet to contain the rebellion and in now allowing our return Describes how the coming spiritual transition will be gentle and our future positive More than two hundred millennia ago the high angel Lucifer launched a revolution among the angelic hierarchy which led to the quarantine of 37 planets including our own from the rest of the Multiverse Now after eons of isolation the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny Writing through Timothy Wyllie rebel angel Georgia describes her half a million years stationed on Earth as a watcher Arriving 500 000 years ago as part of the first angelic expedition to Earth sent here to prepare the indigenous inhabitants for higher consciousness she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration Interweaving her story with parallel observations of Wyllie s youth in World War II England and his spiritual journey beginning with the Process Church Georgia explains the motivations behind Lucifer s uprising and the lasting impact it has had among the angels on Earth and on humanity s natural spiritual development Revealing that there are more than 90 million rebel angels currently incarnated on Earth almost all of whom are unaware of their previous celestial lives Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world She calls on all of us especially these incarnate angels to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God s presence In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world *Revolt of the Rebel Angels* Timothy Wyllie, 2013-09-02 A rebel angel s perspective on the Lucifer Rebellion 203 000 years ago and her insight into its past and future effects on consciousness Explores how the angelic revolt led to Earth s celestial quarantine for more than 200 000 years Draws parallels between the Process Church and the Lucifer Rebellion Describes the rise and fall of Lemuria in connection with the rebel angels Reveals how the 100 million angels currently incarnated in human bodies can help with Earth s return to the Multiverse and the coming transformation of consciousness After 200 millennia of celestial quarantine in the wake of Lucifer s angelic revolt Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse With this

redemption comes a massive transformation of consciousness and a reconnection to our cosmic destiny But why did the angels revolt and how has that event shaped our planet s past and its future Writing through Timothy Wyllie rebel angel Georgia shares insights from her half a million years stationed on Earth as a watcher and from her part in the angelic revolution She reveals details of the Lucifer Rebellion including the role played by Planetary Prince Caligastia and his team of angelic administrators thought by some to be the Nephilim or Anunnaki of Sumerian myth who followed Lucifer into the rebellion ultimately leading to the quarantine of Earth and 36 other planets Interweaving her story with events from Wyllie s life Georgia draws parallels between Wyllie s involvement with the Process Church in the 1960s and the events of the angelic rebellion and celestial quarantine She explores the rise and fall of the island civilization of Lemuria or Mu as well as Atlantis and the Maya Georgia reveals there are more than 100 million rebel angels currently granted mortal incarnation on Earth at all levels of society and in all countries most of whom are still unaware of their angelic heritage Now that we are free of Prince Caligastia s behind the scenes manipulations the stage is set for the rebel angels to begin redeeming their past and help Earth realize its significance in the wondrous destiny of the Multiverse

Rebel Angels in Exile Timothy Wyllie, 2014-10-09 A rebel angel s revelations on the angelic quarantine after the Lucifer Rebellion 203 000 years ago Explores many mythic events in Earth s ancient history such as visits from the Nephilim and the Pleiadians and the growth and destruction of Lemuria Reveals Earth as one of the worlds on which the rebel angels have been granted mortal incarnation and the opportunity to redeem their past Interwoven with angelic observations about Timothy Wyllie s current and previous lives such as his long involvement in the still controversial Process Church After the angelic rebellion 203 000 years ago Earth and 36 other planets were quarantined from the larger Multiverse Despite aligning with Lucifer and the rebel angels Georgia an angel of Seraphic status was permitted to remain on Earth and continue her role as a Watcher In this book Georgia writing together with Timothy Wyllie shares her personal account of half a million years on this planet Focusing this volume 38 000 years after the angelic rebellion Georgia shares her experiences being present for key decisions taken by the rebel angel leadership witnessing firsthand Earth s steady descent into darkness ignorance and confusion Georgia explores mythic events in Earth s ancient history such as visits from the Nephilim and the Pleiadians and the destruction of Lemuria and reveals information about angelic influence their ability to affect whales and dolphins and the presence of illicit alien colonies in remote areas of Earth Interweaving her own story with observations about Timothy Wyllie s current and previous lives such as his long involvement with the Process Church she explores the supreme significance of the Earth as a world on which the rebel angels have been accorded the privilege of mortal incarnation and as an arena for accelerating spiritual growth Georgia shares her words in part to awaken some of the over 100 million rebel angels currently living out their human lives most unaware of their angelic heritage and struggling with their sense of being so different from other people She shows that a mortal incarnation for a rebel angel is an opportunity to personally redeem their past and help

prepare the way for the imminent transformation of global consciousness as the Earth is welcomed back into the Multiverse

Animals in Person John Knight, 2020-08-29 Our relationship with animals is complex and contradictory we hunt kill and eat them yet we also love respect and protect them This ambivalent relationship is further complicated by the fact that we attribute human emotions and intelligence to animals We even go as far as likening them to children and treating them as family members Drawing on a diverse range of case studies *Animals in Person* attempts to unravel our close and fascinating link with the animal kingdom This book highlights the theme of cross species intimacy in contexts such as livestock care pet keeping and the use of animals in tourism The studies draw on data from different parts of the world including New Guinea Nepal India Japan Greece Britain The Netherlands and Australia *Animals in Person* documents the existence of relations between humans and animals that in many respects recall relations among humans themselves Journey Into Dolphin Dreamtime Horace Edward Dobbs, Horace Dobbs, 1993-08 Dr Dobbs a scientist by training shows how dolphins can help to banish stress and he also suggests a new approach to one of the world's gravest environmental problems He tells the story of the wild dolphin Freddie which haunts the Northumbrian coast near Amble of Jojo's almost telepathic response to humans in the Caribbean of the dolphins of Monkey Mia in Australia and their affinity with much in Aborigine culture and an encounter with humpback whales the size of submarines Call of the Dolphins Lana Miller, 1989 **Angels of Mercy** Rosemary Ellen Guiley, 1994 Throughout history artists have painted them poets have written about them and movies have portrayed them But angels are more than figments of our imaginations Now a renowned expert on paranormal and mystical experiences separates myth from fact as she reveals dozens of actual cases of angel sightings *Mysteries of the Unexplained* H. Dobbs, 1990 After studying dolphins for many years Dr Horace Dobbs came to the conclusion that these highly intelligent mammals were using their brains in a way that could benefit human beings To test his theory he decided to step outside the confines of his scientific training and film an experiment for television That film *The Dolphin's Touch* records how he invited three people suffering from different forms of stress and depression to swim with a wild dolphin off the Irish coast In the case of the middle aged man the encounter had a dramatic effect while the outlook of two younger participants improved significantly For Dr Dobbs they served to confirm other similar transformations and persuaded him that it might be possible through video film and audio tapes of dolphin song to bring the healing power of dolphins to anyone unable to experience it at first hand The result leaves he argues little room for doubt that dolphins can generate a sense of well being in people In this book the author conveys not only the joy to be experienced when cavorting in the sea with a wild dolphin he also provides clues to the mental dexterity and perception of one of the smallest of the whale family **The Cumulative Book Index**, 1990 A world list of books in the English language *Bibliographic Guide to Psychology* New York Public
