 times of the people of that state The topics range from the major historical events such as the Boston Tea Party the attack on

 occupational songs ethnic conflicts Some of the songs will be widely recognized such as Casey Jones Marching Through
 Georgia or Sweet Betsy from Pike Others less familiar have not been reprinted since their original publication but deserve to
 be studied because of what they tell about the people of these United States their loves labors and losses and their responses
 to events The collection is organized by regions starting with New England and ending with the states bordering the Pacific
 Ocean and by states within each region For each state there are from four to fifteen songs presented with an average of 10
 songs per state For each song a full text is reprinted followed by discussion of the song in its historical context References to
